Masri, 2017-09-05 The Arab Spring began and ended

with Tunisia In a region beset by brutal repression humanitarian disasters and civil war Tunisia's Jasmine Revolution alone gave way to a peaceful transition to a functioning democracy Within four short years Tunisians passed a progressive constitution held fair parliamentary elections and ushered in the country's first ever democratically elected president But did Tunisia simply avoid the misfortunes that befell its neighbors or were there particular features that set the country apart and made it a special case In Tunisia An Arab Anomaly Safwan M Masri explores the factors that have shaped the country's exceptional experience He traces Tunisia's history of reform in the realms of education religion and women's rights arguing that the seeds for today's relatively liberal and democratic society were planted as far back as the middle of the nineteenth century Masri argues that Tunisia stands out not as a model that can be replicated in other Arab countries but rather as an anomaly as its history of reformism set it on a separate trajectory from the rest of the region The narrative explores notions of identity the relationship between Islam and society and the hegemonic role of religion in shaping educational social and political agendas across the Arab region Based on interviews with dozens of experts leaders activists and ordinary citizens and a synthesis of a rich body of knowledge Masri provides a sensitive often personal account that is critical for understanding not only Tunisia but also the broader Arab world

Dutch Reformed Orthodoxy and Islam Felipe Boechat Asseruy Silva, 2025-03-10 However turbulent and virulent Christian Muslim Relations may have been throughout the centuries it does not mean that each side did not take the time to evaluate and appreciate each other's theological dogmas Felipe Boechat Asseruy Silva shows that although Christians were subjected to constant attacks and invasions by the Turks
