Effects of Government Mandates and

Policies on Public Education in Africa, the Caribbean, and the Middle East Cynthia S Sunal, Oluseyi Matthew Odebiyi, Kagendo Mutua, 2022-06-01 As the demand for education at all levels has increased so have the models of meeting these increased demands for education As in many other parts of the world public education has expanded to serve large populations across the regions of Africa the Caribbean and the Middle East Many nations in these regions have instituted mandates policies and frameworks intended to simultaneously increase access to public education opportunities as well as improve the quality of education provided and to address a wide populace Because the increase in educational demand has occurred at all levels these efforts often address various levels of education from early childhood through primary schooling junior secondary and secondary schooling and into tertiary education Efforts also have been made to increase participation in education by marginalized and or special populations The range of efforts is large with some focusing on involving migrants immigrants refugees in primary education while others aim at opening up choices at the university level Recently nations in the region have recognized the possibilities of digital learning online learning as cell phones and other widely used portable wireless devices have made it possible to sell the idea that one can learn from anywhere at any time This widespread access to technology has made it possible for governments as well as private entities to expand learning opportunities even to populations previously unreached or to address difficult to reach sectors of the population At the same time the population itself has not only increased in numbers but in diversity Maintaining quality through digital and other means of quick expansion of educational opportunities continues to be challenging if not problematic Effects of Government Mandates and Policies on Public Education in Africa the Caribbean and the Middle East is Book IX of the series Research on Education in Africa the Caribbean and the Middle East Chapters document describe and or raise critical issues and or questions resulting from government policies mandates and frameworks intended to make available public education to an ever growing populace while at the same time being mindful of improving quality of education being availed to an increasingly diverse populace *Merging Numeracy with Literacy Practices for Equity in Multilingual Early Year Settings* Robyn Jorgensen, Mellony Graven, 2022-01-01 This book draws on both in and out of school literacy practices with teachers and families to enhance the numeracy of early learners It provides highly illustrative exemplars targeted for learners up to approximately eight years of age whose home language differs from the language of instruction It identifies the challenges faced by these learners and their families and shares ways of building both literacy and numeracy skills for some of the vulnerable learners nationally and internationally The book shares the outcomes and strategies for teaching mathematics to early years learners and highlights the importance of literacy practices for learners for whom the language of instruction is different from their home language Readers will gain a practical sense of how to create contexts classrooms and practices to scaffold these learners to build robust understandings of mathematics **Shaping Tomorrow Today - SDGs from multiple perspectives** Sandra Hummel, Philipp Assinger, Christian Bauer, Thomas Brudermann, Andrea Jany, Martin

Jury, Romana Rauter, Mireille van Poppel, 2023-02-02 The volume provides a unique view on multidimensional crises their interplay and possible resolutions for sustainable life patterns and is therefore broadly related to the Sustainable Development Goals Traditional unidimensional and technocratic strategies often fall short Ultimately people their behavior and their habits are at the source of many problems Therefore it is imperative to take people their multifaceted nature and the necessary learning and educational processes into account when striving towards a better life for everyone **Creating Effective Teaching and Learning Spaces: Shaping Futures and Envisioning Unity in Diversity and Transformation**

Zilungile Lungi Sosibo, Eunice Ivala, 2021-09-07 Higher education in post apartheid South Africa was always likely to attract academic interest and yet there remains a dearth of research on creating teaching and learning spaces suitable for students from diverse backgrounds Using examples from higher education institutions across the Southern African Developing Community SADC region this volume explores the ways teaching and learning spaces are being used to advance the transformation agenda of higher education in these regions and provides concrete recommendations for the future The book is sure to appeal to academics from a variety of disciplines from African African American and ethnic studies to education and sociology It will be of particular interest to teacher trainers administrators and policy makers working in higher education and anyone else with a stake in managing cultural diversity in education **Annual Performance Plan**

Mpumalanga (South Africa). Department of Education, 2016 **Global Ideologies Surrounding Children's Rights and Social Justice**

Tshabangu, Icarbord, 2017-06-19 Social rights are a pivotal concern for all of society including today s population of children The study of the rights or lack thereof that children have must be undertaken to ensure that future generations are thriving members of their communities Global Ideologies Surrounding Children s Rights and Social Justice highlights the trials and tribulations that children have often had to overcome to be considered true citizens of their communities Featuring comprehensive coverage on a wide range of applicable topics such as child abuse socio economic rights social injustice and welfare issues this is a critical reference source for educators academicians students and researchers interested in studying new approaches for the social advancement of children **Preventive audiology**

Katijah Khoza-Shangase, 2023-03-01 This book is an original scholarly book that introduces the concept of preventive audiology with a specific focus on the African context which is in line with the South African re engineered primary healthcare strategy as well as the World Health Organisation s approach The book reflects on contextually relevant and responsive evidence based perspectives grounded in an African context on preventive audiology in four major ear and hearing burdens of disease within the South African context 1 early hearing detection and intervention 2 middle ear pathologies 3 ototoxicity and 4 noise induced hearing loss The book represents innovative research seen from both a South African and global perspective It offers new discourse and argues for a paradigm shift in how audiology is theorised and performed particularly in low and middle income country contexts The goal of this book is to motivate a paradigm shift in how the ear and hearing care is approached

within this low and middle income country context while arguing for Afrocentric best practice evidence that leads to next practice

The Routledge International Handbook of Young Children's Rights Jane Murray, Beth Blue Swadener, Kylie Smith, 2019-10-28 Written to commemorate 30 years since the United Nations Convention on the Rights of the Child UNCRC The Routledge International Handbook of Young Children's Rights reflects upon the status of children aged 0-8 years around the world whether they are respected or neglected and how we may move forward With contributions from international experts and emerging authorities on children's rights Murray, Blue Swadener and Smith have produced this highly significant textbook on young children's rights globally Containing sections on policy along with rights to protection provision and participation for young children this book combines discussions of children's rights and early childhood development and investigates the crucial yet frequently overlooked link between the two The authors examine how policy practice and research could be utilised to address the barriers to universal respect for children to create a safer and more enriching world for them to live and flourish in The Routledge International Handbook of Young Children's Rights is an essential resource for students and academics in early childhood education social work and paediatrics as well as for researchers policymakers leaders and practitioners involved in the provision of children's services and paediatric healthcare and international organisations with an interest in or ability to influence national or global policies on children's rights
