Veggian,2014-11-10 Henry Veggian introduces readers to one of the most influential American writers of the last half century Winner of the National Book Award American Book Award and the first Library of Congress Prize for American Fiction Don DeLillo is the author of short stories screenplays and fifteen novels including his breakthrough work White Noise 1985 and Pulitzer Prize finalists Mao II 1992 and Underworld 1998 Veggian traces the evolution of DeLillo s work through the three phases of his career as a fiction writer from the experimental early novels through the critically acclaimed works of the mid 1980s and 1990s into the smaller but newly innovative novels of the last decade He guides readers to DeLillo s principal concerns the tension between biography and anonymity the blurred boundary between fiction and historical narrative and the importance of literary authorship in opposition to various structures of power and traces the evolution of his changing narrative techniques Beginning with a brief biography an introduction to reading strategies and a survey of the major concepts and questions concerning DeLillo s work Veggian proceeds chronologically through his major novels His discussion summarizes complicated plots reflects critical responses to the author s work and explains the literary tools used to fashion his characters narrators and events In the concluding chapter Veggian engages notable examples of DeLillo s other modes particularly the short stories that reveal important insights into his modular working method as well as the evolution of his novels

The Intellectual American Eric B. Olsen,2018-03-15 In his first collection of essays author and educator Eric B Olsen offers the reader a wide range of analytical thought and cultural criticism The book opens by examining the history of film in the twentieth century and then analyzing literature from ancient Greek drama to modern American poetry as well as commenting on jazz and popular music The final group of essays concerns topics as diverse as climate change popular culture religion anti intellectualism and politics Drawing on a broad base of literary and social criticism from the philosophical thought of Plato and Aristotle to the writings of Lionel Trilling and Richard Hofstadter The Intellectual American is a work of confident scholarship and the herald of a new voice in American letters **Representations of**

Technoculture in Don DeLillo's Novels Laila Sougri,2023-09-04 This book is the first to explore technoculture in all of Don DeLillo s novels From Americana 1971 to The Silence 2020 the American author anatomizes the constantly changing relationship between culture and technology in overt and layered aspects of the characters experiences Through a tendency to discover and rediscover technocultural modes of appearance DeLillo emphasizes settings wherein technological progress is implicated in cultural imperatives This study brings forth representations of such implication interaction through various themes particularly perception history reality space architecture information and the posthuman The chapters are based on a thematic structure that weaves DeLillo s novels with the rich literary criticism produced on the author and with the various theoretical frameworks of technoculture This leads to the formulation and elaboration on numerous objects of research

extracted from DeLillo's novels namely the theorization of DeLillo's radiance in dailiness the investigation of various uses of technology as an extension the role of image technologies in redefining history the reconceptualization of the ethical and behavioral aspects of reality the development of tele visual and embodied perceptions in various technocultural spaces and the involvement of information technologies in reconstructing the beliefs behaviors and activities of the posthuman One of the main aims of the study is to show how DeLillo's novels bring to light the constant transformation of technocultural everydayness It is argued that though such transformation is confusing or resisted at times it points to a transitional mode of being This transitional state does not dehumanize DeLillo's characters it reveals their humanity in a continually changing world
