Black Masculinity on Film Daniel O'Brien, 2017-09-06 This book provides wide ranging commentary on depictions of the black male in mainstream cinema O'Brien explores the extent to which counter representations of black masculinity have been achieved within a predominately white industry with an emphasis on agency the negotiation and malleability of racial status and the inherent instability of imposed racial categories Focusing on American and European cinema the chapters highlight actors Woody Strode Noble Johnson Eddie Anderson Will Smith genres jungle pictures westerns science fiction and franchises Tarzan James Bond underrepresented in previous critical and scholarly commentary in the field The author argues that although the characters and performances generated in these areas invoke popular genre types they display complexity diversity and ambiguity exhibiting aspects that are positive progressive and subversive This book will appeal to both the academic and the general reader interested in film race gender and colonial issues **Captive Bodies** Gwendolyn Audrey Foster, 1999-01-01 Examines the film industry's fascination with bondage and captivity

The Burroughs Cyclopædia Clark A. Brady, 2024-10-14 Edgar Rice Burroughs was not satisfied with creating characters and events within the world that we know instead he created whole new worlds for histories and he filled them with peoples languages cities wars plants machines and monsters that were believable to the reader yet still alien and fantastic enough to thrill and delight From A Kor the keeper of the Towers of Jetan in Manator through Zythab one of the priests of Brulor in Ashair this is a comprehensive reference to the fantastic worlds of Burroughs Each entry provides a complete definition along with a reference to the book in which the entry appeared For terms the language either actual e.g. Latin and French or Burroughs created e.g. The Tongue of the Great Ape or Pal-ul-don from which it was derived is given *Great Movie Serials Cb* Jim Harmon, Donald F. Glut, 2013-10-28 First published in 1973 Movie Serials Their Sound and Fury invites you to take a nostalgic trip back to Saturday afternoon and remember your local cinema anytime from 1930 to the 1950s Thrill once again to the spine tingling adventures of Dick Tracy Terry and the Pirates Tarzan Flash Gordon The Green Hornet The Shadow The Perils of Pauline and all the other super heroes and arch villains of by gone days The McGurk Universe K.J. Donnelly, 2023-01-01 This book reconsiders audiovisual culture through a focus on human perception with recourse to ideas derived from recent neuroscience It proceeds from the assumption that rather than simply working on a straightforward cognitive level audiovisual culture also functions more fundamentally on a physiological level directly exploiting precise aspects of human perception Vision and hearing are unified in a merged signal in the brain through being processed in the same areas This is illustrated by the startling McGurk Effect whereby the perception of spoken sound is changed by its accompanying image and counterpart effects which demonstrate that what we see is affected by different sounds accompanying sounds This blending of sound and images into a whole has become a universal aspect of culture not only evident in films and television but also in video games and short Internet clips Indeed this aesthetic formation has become the dominant of this period The

McGurk Universe attends to how audiovisual culture engages with and mediates between physiological and psychological levels
