The Ancient Greek Historians Harvard Lectures:

The Ancient Greek Historians John Bagnell Bury, 1909 Professor Bury covers the entire range of Greek historical writing from its inception in the pseudo historical aspects of the epics to the influence of Greek thought on Roman historiography He shows how the idea of history became separated from the concept of recording and inventing mythologies the introduction of a rationalistic view of history the concept of political analysis the influence of rhetoric on historical methodology the effects of philosophy and the rise of antiquarianism on history and dozens of similarly important topics back of book

The Ancient Greek Historians J. B. Bury, 2015-06-14 Excerpt from The Ancient Greek Historians Harvard Lectures This volume consists of the Lane Lectures which I had the honour of delivering at Harvard University in spring 1908 under the auspices of the Classical Department They are printed very nearly as they were originally written though some of my kind hearers if they should glance through may detect a good many passages which were omitted in the Lecture Hall The book amounts to a historical survey of Greek historiography down to the first century B C and such as it is I dedicate it to Mr Gardiner M Lane who founded the lectureship some years ago in the interests of humanistic study The lecture on Herodotus would have gained much if Mr Macan s admirable work on the last three Books had appeared in time for me to use it It was satisfactory to find that he had established the priority of those Books with a convincing array of arguments About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

of fiction and non fiction literature that has stood the test of time The many thousands of books in our collection have been sourced from libraries and private collections around the world The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original Our readers see the books the same way that their first readers did decades or a hundred or more years ago Books from that period are often spoiled by imperfections that did not exist in the original Imperfections could be in the form of blurred text photographs or missing pages It is highly unlikely that this would occur with one of our books Our extensive quality control ensures that the readers of Trieste Publishing s books will be delighted with their purchase Our staff has thoroughly reviewed every page of all the books in the collection repairing or if necessary rejecting titles that are not of the highest quality This process ensures that the reader of one of Trieste Publishing s titles receives a volume that faithfully reproduces the original and to the maximum degree possible gives them the experience of owning the original work We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to every one of our readers Generally Trieste books are purchased singly on demand however they may also be purchased in bulk Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates **The Ancient Greek Historians (Harvard Lectures)** John Bagnell Bury,1909

The Ancient Greek Historians John Bagnell Bury,2015-04-30 The classical historian J B Bury 1861 1927 was the author of a history of Greece which was a standard textbook for over a century and of which the first edition is also reissued in this series His interests ranged over a very wide period and this 1909 work discusses the ancient Greek historians themselves Originally delivered as a series of lectures at Harvard University in 1908 this book unsurprisingly focuses on Herodotus and Thucydides but in a chronological survey examines the evidence for the rise of historical writing in Ionia and the influence on it of myth and epic poetry Bury also surveys those historians after Thucydides whose work is less well attested and the likely influence of the development of rhetoric and philosophy upon their writing and considers the influence of Greek writers including Polybius during the Roman republican period and their influence on later Latin historiography [The Ancient Greek Historians](#) J.
