Franklin,1975      **Laboring Bodies and the Quantified Self** Ulfried Reichardt,Regina Schober,2020-10-06 The body has become central to practices of self tracking By focusing on the relations between quantification the body and labor this volume sheds light on the ways in which discourses on data collection and versions of the corporate self are instrumental in redefining concepts of labor including notions of immaterial and free labor in an increasingly virtual work environment The contributions explore the functions of quantification in conceptualizing the body as a laboring body and examine how quantification contributes to disciplining the body By doing so they also inquire how practices of self tracking self monitoring and self optimization have evolved historically

**The Jewish Idea and Its Enemies** Hadley Cantril,Edward Alexander,2019-08-21 This volume deals with the modern fate of the traditional conception of Jews as a covenanted people chosen to receive the Law whose ultimate purpose is contributing to the universal salvation of mankind The author shows how under the influence of liberalism rationalism relativism and other Enlightenment ideologies this idea was distorted denied inverted yet never entirely obliterated In his discussions of modern Jewish thinkers and writers and the ideological and political struggles of Zionism and the state of Israel against enemies from without and from within Alexander shows that the ancient idea of covenant is still alive today if only in the assumption that Jewish life can lead somewhere so long as Jews remember that it began somewhere Ranging from literary criticism and the history of ideas to journalism and politics the book is unified by a point of view unabashedly espousing the Jewish idea and challenging its enemies
