

DROPSHIP PILOT

"The regular drop pilots are always pissed at us for cruising into the no-nukes bars with our slick g-suits on instead of the 'baggies' they wear. But we tell 'em damn straight that we're the 'attack pukes', riding shotgun to protect their miserable lily-white asses. We go in puckered tighter'n a clam. We don't crap ourselves at the first sign of triple-A, so we don't need no baggies to hold it in!"

Pictured (and quoted) is Warrant Officer Marcia 'Linus' Yancey of DCA-260, attached to the 3rd Marine Aerospace Wing at Yust. She is dressed in a g-suit instead of the normal dropship flight suit which would indicate she was flying gunship missions. Gunship pilots fly their ships unloaded, and make a virtue out of pulling hard, instantaneous turns while in hovering flight to avoid fire or acquire new targets, frequently pushing their ships to their structural limits in the process. Velcroed to her right shoulder is a unit flash, which would normally be ripped off prior to a 'hot' drop, in case of capture.

WO Yancey is strapped into a standard parachute rig, which hangs from her back. Across her chest are pouches for basic emergency equipment, including a survival pack, radio beacon and flashlight. It is standard procedure for pilots to wear a sideward, though it is evident from the picture that this one doesn't. Her helmet is a Mk. 28 'bonedome' with a boom mike attached. Though most pilots wear shades, more for effect than protection, a Polaroid visor can be slid out from the protective housing on top of the helmet to provide additional eye protection from high altitude and orbital glare, nuke and laser flash. This visor must be carefully looked after and kept free of dirt, grease or damage. A slight mark or scratch on its surface could obscure an enemy air threat at long visual range.

[Counterinsurgency Field Manual](#) The U.S. Army Marine Corps,2024-05-31 When the U S military invaded Iraq it lacked a common understanding of the problems inherent in counterinsurgency campaigns It had neither studied them nor developed doctrine and tactics to deal with them It is fair to say that in 2003 most Army officers knew more about the U S Civil War than they did about counterinsurgency The U S Army Marine Corps Counterinsurgency Field Manual was written to fill that

void The result of unprecedented collaboration among top U S military experts scholars and practitioners in the field the manual espouses an approach to combat that emphasizes constant adaptation and learning the importance of decentralized decision making the need to understand local politics and customs and the key role of intelligence in winning the support of the population The manual also emphasizes the paradoxical and often counterintuitive nature of counterinsurgency operations sometimes the more you protect your forces the less secure you are sometimes the more force you use the less effective it is sometimes doing nothing is the best reaction An new introduction by Sarah Sewall director of the Carr Center for Human Rights Policy at Harvard s Kennedy School of Government places the manual in critical and historical perspective explaining the significance and potential impact of this revolutionary challenge to conventional U S military doctrine An attempt by our military to redefine itself in the aftermath of 9 11 and the new world of international terrorism The U S Army Marine Corps Counterinsurgency Field Manual will play a vital role in American military campaigns for years to come The University of Chicago Press will donate a portion of the proceeds from this book to the Fisher House Foundation a private public partnership that supports the families of America s injured servicemen To learn more about the Fisher House Foundation visit www.fisherhouse.org

Defence Policy of Nigeria: Capability and Context Charles Quarker Dokubo,Celestine Oyom Bassey,2011-01-20 This Reader provides a structurally coherent explanation and review of the magnified role conception and organizational task expansion for the Nigerian military establishment in foreign policy It argues essentially that one of the most problematic and intractable areas of public policy in Nigeria since the Civil War concerns the development of a professional defence establishment adequate to meet the challenges arising from the altered parameters of iour security environment The correction of this condition is the primary motivation of the Armed Forces modernization and augmentation program that touches upon all elements of Nigeria s military power This Reader is at once a review and a critique of the major facets of this modernization and augmentation process of the Nigerian armed forces within the operative context of the changing dimension of threat perception and the strategic parameters that have guided Nigerian military planning since the Civil War in 1970
