## **Whale Talk Chris Crutcher:**

**Whale Talk** Chris Crutcher, 2009-09-22 A truly exceptional book Washington Post There's bad news and good news about the Cutter High School swim team The bad news is that they don't have a pool The good news is that only one of them can swim anyway Bestselling author Chris Crutcher's controversial and acclaimed novel follows a group of outcasts as they take on inequality and injustice in their high school Crutcher's superior gifts as a storyteller and his background as a working therapist combine to make magic in *Whale Talk* The thread of truth in his fiction reminds us that heroes can come in any shape color ability or size and friendship can bridge nearly any divide Washington Post T J Jones hates the blatant preferential treatment jocks receive at his high school and the reverence paid to the varsity lettermen When he sees a member of the wrestling team threatening an underclassman T J decides he's had enough He recruits some of the biggest misfits at Cutter High to form a swim team They may not have very much talent but the All Night Mermen prove to be way more than T J anticipated As the unlikely athletes move closer to their goal these new friends might learn that the journey is worth more than the reward For fans of Andrew Smith and Marieke Nijkamp Crutcher offers an unusual yet resonant mixture of black comedy and tragedy that lays bare the superficiality of the high school scene The book's shocking climax will force readers to re-examine their own values and may cause them to alter their perception of individuals pegged as losers Publishers Weekly An American Library Association Best Book for Young Adults New York Public Library Books for the Teen Age Features a new afterword by Chris Crutcher

such social themes as bigotry identity sexuality relationships and loss themes almost always positioned within a sports story The most comprehensive study of Crutcher s life and work to date this book benefits tremendously from the cooperation of Crutcher himself Generally reserved about private matters Crutcher talks candidly about his life and how his experiences helped shape his character and his stories His cooperative spirit gives voice to a book that will appeal not only to teachers and librarians but to students who have been enthralled by the works of this generous writer

**Forbidden Fruit** Sarah McNicol, 2008 *Forbidden Fruit* The Censorship of Literature and Information for Young People was a two day conference held in Southport UK in June 2008 This collection of papers from the conference will be of interest to teachers school and public librarians publishers and other professionals involved in the provision of literature and information resources for young people as well as to researchers and students The proceedings draw together some of the latest research in this area from a number of fields including librarianship education literature and linguistics The topics covered include translations and adaptations pre censorship by authors publishers and editors LGBT lesbian gay bi sexual and trans materials and the views of young people themselves The papers included in the proceedings deal with a wide range of issues Research student Lucy Pearson takes a historical perspective considering the differences in the way in which two titles *Young Mother* in the 1960s and *Forever* in the 1970s handle the theme of teenage sexuality John Harer from the United States and Elizabeth Chapman and Caroline Wright from the UK also deal with the controversial issue of teenage sexuality Both papers are concerned with the censorship of LGBT lesbian gay bi sexual and trans materials for young people especially referring to issues faced by librarians in dealing with such resources in their respective countries Another writer to examine the issue from a librarianship perspective is Wendy Stephens who reports on her action research into students reactions to book banning and censorship in the context of a twelfth grade English literature research project Taking one step back from the question of access to controversial materials Cherie Givens reports on her doctoral research examining the often neglected issue of pre censorship that is restrictions which take place usually as a result of pressure from editors and publishers before materials reach the library shelves Showing a different side of the publishing industry Christopher Gruppeta writes from the perspective of a publisher keen to promote young adult fiction in Malta His article demonstrates the huge strides which can take place in a relatively short period of time even in a religiously conservative country Talks by young adult authors were also included in the conference programme Ioanna Kaliakatsou considers how self censorship is exercised by authors and how attitudes have changed since the early twentieth century Yet another point at which works might be censored is when they are translated or adapted Evangelia Moula focuses on censorship in adaptations of classic Greek tragedies while Helen T Frank examines Australian children s fiction translated into French to highlight the process of purification or sanitization that can occur during translations

**Boys in Children's Literature and Popular Culture** Annette Wannamaker, 2012-09-10 *Boys in Children s Literature and Popular Culture* proposes new theoretical frameworks for

understanding the contradictory ways masculinity is represented in popular texts consumed by boys in the United States The popular texts boys like are often ignored by educators and scholars or are simply dismissed as garbage that boys should be discouraged from enjoying However examining and making visible the ways masculinity functions in these texts is vital to understanding the broad array of works that make up children s culture and form dominant versions of masculinity Such popular texts as Harry Potter Captain Underpants and Japanese manga and anime often perform rituals of subject formation in overtly grotesque ways that repulse adult readers and attract boys They often use depictions of the abject threats to bodily borders to blur the distinctions between what is outside the body and what is inside between what is I and what is not I Because of their reliance on depictions of the abject those popular texts that most vigorously perform exaggerated versions of masculinity also create opportunities to make dominant masculinity visible as a social construct
