What Is A Biographical Report:

Biographical Research and the Meanings of Mothering Lyudmila Nurse, Lisa Moran, Kateřina Sidiropulu-Janků, 2023-09-14
What does mothering mean in different cultures and societies This book extensively applies biographical and narrative research methods to mothering from international perspectives This edited collection engages with changing attitudes and approaches to mothering from women s individual biographical experiences illuminating how socially anticipated tasks of mothering shaped through interlinking state media religious beliefs and broader society are reflected in their identities and individual life choices Considering trust rapport reflexivity and self care this collection advances methodological practice in the study of mothers carers and childless women s lives **Biographical Research** Ana Caetano, Magda Nico, 2022-03-30
Studying people s lives requires acknowledging the multiple entanglements between individual singularity and processes of social patterning This book testifies how challenging and creative the study of these connections can be It gathers international contributions that show in imaginative ways how a person s life or specific domains of existence can be observed tackled and analysed across time This volume reveals the potential of biographical research in the production of social theory in the development of methodological innovation in giving voice and protagonism to people and in the understanding of the social unfolding of their lives It is a testimony of a vibrant and youthful field with a long tradition in social sciences and with numerous connections with other study areas namely the life course approach The different chapters illustrate how the challenges posed by this type of research focused on the individual level of analysis are particular and what creative responses are required to continue analysing the link between biography and society The chapters in this book were originally published as a special issue of the journal *Contemporary Social Science* *Using Biographical Methods in Social Research* Barbara Merrill, Linden West, 2009-06-04 *Using Biographical Methods in Social Research* provides an informative comprehensive accessible and practical guide to the nature and use of biographical methods combining a consideration of theoretical issues with practical guidance as well as reflections on the personal experience of doing research Barbara Merrill and Linden West consider important questions about who and what research is for and what makes it valid alongside the practical business of interviewing transcribing analyzing and writing up of biographical data The authors draw on their sociological and psychological orientations to provide a truly interdisciplinary approach to the subject and provide numerous examples of biographical research across the social sciences This book will equip students with all the skills necessary to undertake biographical research as well as to fully understand what they are doing and the assumptions they make about the nature of truth knowledge story telling and being human It will be useful for students and researchers using biographical methods in a range of disciplines including sociology social policy social psychology health care and education **Annual Report of the American Historical Association** American Historical Association, 1907 An Auto/Biographical Approach to Learning Disability Research Dorothy Atkinson, 2018-12-07 First published in 1997 Dorothy Atkinson collects testimonies

of the personal perspectives of people with learning disability in order to rediscover the histories of people with learning disabilities Calling on the importance if auto biographical research as mode to encourage social historical awareness and potential understanding of the commonalities as well the differences between people with learning difficulties

The Resurrection of Jesus Michael R Licona,2020-05-21 The question of the historicity of Jesus resurrection has been repeatedly probed investigated and debated And the results have varied widely Perhaps some now regard this issue as the burned over district of New Testament scholarship Could there be any new and promising approach to this problem Yes answers Michael Licona And he convincingly points us to a significant deficiency in approaching this question our historiographical orientation and practice So he opens this study with an extensive consideration of historiography and the particular problem of investigating claims of miracles This alone is a valuable contribution But then Licona carefully applies

his principles and methods to the question of Jesus resurrection In addition to determining and working from the most reliable sources and bedrock historical evidence Licona critically weighs other prominent hypotheses His own argument is a challenging and closely argued case for the historicity of the resurrection of Jesus the Christ Any future approaches to dealing with this prize puzzle of New Testament study will need to be routed through The Resurrection of Jesus
