

A life without internet

Internet has become an indispensability. Internet and computers have already taken over each and every field. Tell me an area or sphere where internet and computers are not being used! Education, industry, finance, defense, teaching, learning, research, medicine, accounting, entertainment, internet, online teaching, telecommunication, media, and space research and exploration. It is internet and computer everywhere. The modern world will look void without internet and computers. Internet and computers have created such an order in every field. They are so adroitly efficient in data storing and handling. They have man's life much more organized, systematic, simple, colorful, and awesomely efficient.

Imagine if internet gets disrupted for a day or two, what will happen? I think all walks of life will be affected. Banking, ATM's, communication of all types, TV and Media World, websites, online transactions, etc. will be hanged and almost life will come to a standstill.

Internet in the modern times has become a necessity, so living without it even for a day will cause lots of problems to everyone.

Life in the Key of G Kenny G, Philip Lerman, 2024-09-24 Kenny G, the incomparable musician with the straight sax, the flowing hair, and some of the most memorable melodies in history, reveals the man behind the music in this indelible, fascinating, and funny memoir. He's world renowned as the best-selling instrumentalist of all time, but there's a lot about Kenny G that even his legions of devoted fans have never known until now. In honest and heartfelt prose, Kenny G shares how skinny Kenneth Gorelick, the kid who got hassled for his lunch money in a Seattle high school, became one of the most celebrated and revered virtuosos in the music industry. He uncovers how he's managed to rise above the fray, tune out the critics, and live a life filled with happiness and humor. Few people know of Kenny G's musical roots as the sole white guy in one of the coolest funk bands of the seventies or as the teenage backup musician for everyone from Barry White to Liberace. As an artist, he's dedicated to turning the next generation on to jazz heroes like Grover Washington, John Coltrane, and Stan Getz. A man who takes his music seriously but himself not so seriously, Kenny G lets readers behind the scenes to see how he creates his unique sound and unforgettable songs. Along the way, he offers life lessons in discipline, determination, and dedication. *Life in the Key of G* leads readers on a tour of one of the great musical careers of the twentieth century, from the time he pulled a fast one on Johnny Carson's *Tonight Show*, a bold gamble that launched his stardom, to famed duets with legends like Whitney Houston, Frank Sinatra, and more. As Kenny G likes to say, "Try it. You'll have the best sax you ever had."
