5 pages | 1142 words

These four professors argue the following views of hell: literal, metaphorical, purgatorial and conditional interpretations. This book peers inside the different theories of hell, each of their relation to the Bible and the evolution throughout time. Each chapter begins with that particular scholar's view, followed by the rebuttal by his colleagues. **Brief Summary** The first chapter is written by, John Walvoord, and he begins by providing the foundation for the literal view of hell. The author expends the greater part of this section of the book describing these fundamental principles.

He argues that hell is a position of perpetual punishment for those who are sinners in the Earth. He derives this view from native translations of the Bible using both the Old and New Testaments. Walvoord exactly takes the words from the Bible's predictions and the absolute inerrancy of the Bible to suggest that this is the only way to view hell and eternal punishment. The chapter concludes with the author using the literal view to encourage the reader to help people avoid hell and the painfulness, by preaching the Gospel of Jesus Christ. The second chapter is written by William V.

Crockett and he has taken the metaphorical view of hell, as read in the Bible and studied by scholars. His view of hell is comparable to the preceding author's view; it only differs in how the punishment will be administered to the lost. The author has strong Calvinistic ties, in that he believes that the fortellings of the punishment of hell is not to be taken literally, but as a metaphor. Crockett further states that the reality of hell is indescribable with words and the words that are contained in the Bible are only a breakdown that the human mind can absorb.

The chapter concludes with the author stating his disdain for the conditional view. In the third chapter, Zachary J. Hayes takes on the subject of purgatory in the hell discussion. Purgatory in this book is a place where the dead will go, when they don't quite make it to heaven, but are not bad enough for hell. Notably the author cannot find any Biblical references for purgatory, however he does state that the idea of purgatory evolved from a personal tradition that the Catholic Church adopted. Hayes does also note that he agrees with the metaphorical view of hell.

In fourth chapter of the book is written by Dr. Clark Pinnock on the conditional view of hell. The conditional view is also referred to as annihilation, which means that hell will be a punishment of fire and lead to utter destruction of sinners. The actual destruction is the punishment, not the fire itself. Pinnock, uses diverse scriptures that support his claim of everlasting death and God's moral values. **Critical interaction with the author's work** The authors' goal of this book is to give an educated as well as Biblical look at the different versions of hell.

Although the word is talked about many times, but the authors' aim is to give people all the information available on the subject. After...

**Hell's Destruction** Catherine Ella Laufer,2016-04-22 The credal affirmation he descended to the dead has attracted a plethora of views over the centuries and many Christians today struggle to explain the meaning of these words This book explores various interpretations of the doctrine of Christ s descent to the dead both within particular historical contexts and within contemporary theology Laufer argues that the descensus clause Christ s descent is integral to Christian faith specifically to the doctrine of the incarnation If we are to affirm that in Christ God became truly human then that affirmation must include his sharing in the state of being dead that is the ultimate consequence of being human Laufer

concludes that since the Son has experienced genuine human death and the separation from God which is the essence of hell there is no longer any human condition from which God is absent either in this life or in eternity Christ's descent means that he is truly hell's destruction Drawing on a treasure trove of writings from the western theological tradition including Luther Calvin Maurice Balthasar Moltmann and others and attending to historical theological exegetical philosophical and pastoral issues this book explores an often ignored doctrine which lies at the core of Christian life death and faith The Writings of James Russell Lowell: Literary essays James Russell Lowell,1890 *Superstition and Other Essays* Robert G.
