Farnsworth, 2006-12-30 This provocative and readable discussion of leadership in higher education argues that leadership is essentially an act of service that the more responsible the leadership position the greater the responsibility to serve Weaving together the Servant Leadership philosophy of Robert Greenleaf with the management principles of Mary Parker Follett Farnsworth presents a model for 21st century educational leadership that calls upon college administrators to see themselves as servants first He argues that the voices and interests of many of education's key stakeholders students employers and society as a whole have been marginalized by a consolidation of power in the faculty requiring a bold new approach to leadership that refocuses service to these important but underrepresented constituents **Forgiveness and Power in the Age of Atrocity** Shann Ray Ferch, 2012 In a fresh rendering of the role of leaders as healers *Forgiveness and Power in the Age of Atrocity* considers love and power in the midst of personal political and social upheaval Unexpected atrocity coexists alongside the quiet subtleties of mercy and people and nations currently encounter a world in which not even the certainties of existence remain even as grace can sometimes arise under the most difficult circumstances Ultimately *Forgiveness and Power in the Age of Atrocity* is a book about the alienation and intimacy at war within us all Ferch speaks to categorical human transgressions in the hope that readers will be compelled to examine their own prejudices and engage the moral responsibility to evoke in their own personal life work life and larger national communities a more humane and life giving coexistence In addition to a primary focus on servant leadership the book addresses three interwoven aspects of social responsibility 1 the nature of personal responsibility 2 the nature of privilege and the conscious and unconscious violence against humanity often harbored in a blindly privileged stance and 3 the encounter with forgiveness and forgiveness asking grounded in a personal and collective obligation to the well being of humanity Modernist and postmodernist notions of the will to meaning are considered against the philosophical notion of the will to power The book examines the everyday existence of human values in a time when we inhabit a world filled as much with unwarranted cruelty as with the disarming nature of authentic and life affirming love The book asks the question Can ultimate forgiveness change the heart of violence In *Forgiveness and Power* people are challenged not only by the work of profound thought leaders such as Mandela Tutu but also Simone Weil Vaclav Havel Emerson Mary Oliver Martin Luther King Paulo Freire bell hooks and Robert Greenleaf The hope of the book is that people of all ages and creeds come to a deeper understanding and of personal and collective responsibility for leadership that helps heal the heart of the world **Machiavelli's Legacy** Timothy Fuller, 2016 Machiavelli's Legacy situates Machiavelli in general and *The Prince* in particular at the birth of modernity Joining the conversation with established Machiavelli scholars are political theorists Americanists and international relations scholars ensuring a diversity of viewpoints and approaches *Congressional Record* United States.
