Race and US Foreign Policy Mark Ledwidge,2012-02-06 African Americans analysis of and interest in foreign affairs represents a rich and dynamic legacy and this work provides a cutting edge insight into this neglected aspect of US foreign affairs In addition to extending the parameters of US foreign policy literature to include race and ethnicity the book documents case specific analyses of the evolutionary development of the African American foreign affairs network AAFAN Whilst the examination of race in regard to the construction of US foreign policy is significant this book also provides a cross disciplinary approach which utilises historical and political science methods to paint a more realistic appraisal of US foreign policy Including analysis of original archival evidence this theoretically informed work seeks to transcend the standard mono disciplinary approach which overestimates the separation between domestic and foreign affairs The unique approach of this work will add an important dimension to a newly emerging field and will be of interest to scholars in ethnic and racial studies American politics US foreign policy and US history *Scripting the Black Masculine Body* Ronald L. Jackson II,2006-01-01 Winner of the 2007 Everett Lee Hunt Award presented by the Eastern Communication Association *Scripting the Black Masculine Body* traces the origins of Black body politics in the United States and its contemporary manifestations in popular cultural productions From early blackface cinema through contemporary portrayals of the Black body in hip hop music and film Ronald L Jackson II examines how African American identities have been socially constructed constituted and publicly understood and argues that popular music artists and film producers often are complicit with Black body stereotypes Jackson offers a communicative perspective on body politics through a blend of social scientific and humanities approaches and offers possibilities for the liberation of the Black body from its current ineffectual and paralyzing representations **The Black Muslim Manifesto** Lukman,2009-05 The Black Muslim Manifesto is the compilation of over ten years of essays addressing events of historical contemporary and ideological significance Debates between the author and others who contested some of his positions form the basis of several chapters The essays not only provide Lukman s reflections on some of the most critical issues of the past decade they also include a critical analysis of American history a critique of Malcolm X a biographical sketch of Kwame Ture partly based on the author s personal relationship with him Lukman s understanding of the religion of Islam particularly as it relates to the post 9 11 world commentaries on Lebanon Sudan Gaza the ascendancy of Obama etc There are countless opinions offered concerning every topic addressed in the Manifesto however that which makes the Manifesto unique is it s uncompromising Black revolutionary Islamic perspective This is a perspective that is totally missing from the ideological discourse in America on either the left or the right The climate of fear engendered by George W s fatwa that you are either with us or you are with the terrorists has sent Muslim leadership in America scurrying behind the mantra Islam is peace The fact that Bush codified his fatwa with the Patriot Act has left this brand of leadership cowering in fear

Those who wish to pass themselves off as Black leadership are no better than their Muslim counterparts The Manifesto takes the unabashed position that the Obamamania which has been signed onto by most recognized Black leadership is no more than a corporate controlled deception It is a deception designed for international as well as domestic consumption The American ruling class is faced with the browning of America They are also confronted with an increasingly non white anti American global population According to the Manifesto Obamaism represents the apotheosis of neo colonialism Are the views expressed in the two preceding paragraphs controversial Of course they are and they are reflective of the spirit of the book That is precisely what makes the Manifesto unique The uniqueness of the book is part of the appeal of the Manifesto An embattled Muslim world will find a voice in the Western Hemisphere who champions their cause Followers of the teachings of the Honorable Elijah Muhammad will see that Elijah Lives in its pages Revolutionary thinkers will find a book written in the spirit of George Jackson s Blood in my Eye And of course liberals reformists accommodationists and assimilationists will be horrified But that is precisely the type of debate all intellectuals should welcome

Promise Raymond Head,2022-01-14 From Plight to Promise is interest evoking conviction inspiring and a powerfully irrefutable read It will introduce to some and enhance for others the knowledge and understanding of a fundamental culture which was designed to give meaning to reality That s our amazing story as a people and within our story is his story and From Plight to Promise tells that compelling story Acknowledging that our unique experience with its many triumphs and tragedies is still the embodiment of totality Because of history s profound disdain for people of color he wanted his children to know and understand that in reality there is only one race the human race which has been proven to have originated in Afrika He exposed his children to our amazing story to bring truth to their reality and to build character by showing and teaching them the distinctive nature of their Afrikan origin More specifically he wanted children of color globally to know and understand that they are so much more than what history has told them they are From Plight to Promise is an insightful and compelling narrative intended for all people because it exposes the changeable and unchangeable nature of life

Haynes,2016-01-29 My idea to write this book centers on the desire to educate my own people Here I am referring to the black African American man in particular Although I may not be the most well known Negro in America I do feel that I have acquired certain knowledge that if widely dispensed and utilized will definitely have a positive impact on my brothers out there in America trying to survive The information I intend to relay originates from my experiences in the world my formal education the Bible and religious studies as well as my knowledge acquired in being a member of the most often discussed but most often misunderstood Secret Society of all time I am referring here to the Masonic Fraternity Prince Hall Affiliation of which I have been a member for well over twenty years Brothers the time is now Our time has finally come to advance and be recognized for who we really are and for the greatness of our legacy Not since the year 2012 have we really been free to become everything that we once were and are destined to be in the future I will explain the significance of this particular year and why it was so important to us later In any event know that you have the power Use it to better yourself your family and mankind **The Last Mack Standing Scriptures** A

faith and the knowledge of the Son of God to be a perfect man to the measure of the stature of the fullness of Christ
Ephesians 4 11 13 There are far too many Babes in Christ in the Church It is not the fault of the believers but a reflection of corrupted doctrines and false dogmas In addition the unity of the Black Church must become a priority Not one church or believer can say they have no need of the rest of the Body of Christ in good conscience Yet unity in the Black Church is more a rhetorical than an actual reality Imagine what could be done if the wealth of the Church was combined to establish a super fund Unity must be at the top of the agenda for the Black Church and for the Black community Lastly though we have the proverbial church on every corner there is an undeniable spiritual crisis in the Black community The Liberation of the African Mind The Key to Black Salvation makes the Spiritual Resurrection of the Black man a valid goal and priority It will challenge many long held beliefs and dogmas however Christendom must be examined and that which is not of God must be abandoned Not since Marcus Garvey Fredrick Douglas and the Honorable Elijah Muhammad have Blacks questioned the validity or efficacy of Christianity Mr Muhammad made an attempt to make Blacks aware that Christianity was the religion of the people who had enslaved them Every race worships God in a way that is peculiar to their culture Since the days of captivity Blacks have worshiped the god of their conquerors and oppressors Worshipping a White man as God is not only a form of idolatry but extremely detrimental to the Black Psyche
