What Was Pearl Harbor Book:

What Was Pearl Harbor? Patricia Brennan Demuth, Who HQ, 2013-06-27 A terrifying attack On December 7 1941 Japanese war planes appeared out of nowhere to bomb the American base at Pearl Harbor in Hawaii It was a highly secretive and devastating attack four battleships sunk more than two thousand servicemen died and the United States was propelled into World War II In a compelling easy to read narrative children will learn all about a pivotal moment in American history

Pearl Harbor George Morgenstern, 1991 **Target** Michael Slackman, 1991-07-01 Target Pearl Harbor takes a fresh look at the air raid that plunged America into World War II by scrutinizing the decisions and attitudes that prompted the attack and left the United States unprepared to mount a successful defense The core of the book concerns the events of December 7 1941 as seen through the eyes of participants both American and Japanese military and civilian The author's use of contemporary documents and interviews with survivors has enabled him to present a vivid and evocative picture of that day

Pearl Harbor Roberta Wohlstetter, 1962 This account of the Pearl Harbor attack denies that the lack of preparation resulted from military negligence or a political plot *We Were There at Pearl Harbor* Felix Sutton, 2011-10-01 **Pearl Harbor** Gordon W. Prange, Donald M. Goldstein, Katherine V. Dillon, 2014-05-06 The New York Times bestselling authors of *Miracle at Midway* delve into the surprise attack on Pearl Harbor during WWII in a superb work of history *Albuquerque Journal Magazine* In the predawn hours of December 7 1941 a Japanese carrier group sailed toward Hawaii A few minutes before 8 00 a m they received the order to rain death on the American base at Pearl Harbor sinking dozens of ships destroying hundreds of airplanes and taking the lives of over two thousand servicemen The carnage lasted only two hours but more than seventy years later terrible questions remain unanswered How did the Japanese slip past the American radar Why were the Hawaiian defense forces so woefully underprepared What if anything did American intelligence know before the first Japanese pilot shouted Tora Tora Tora In this incomparable volume Pearl Harbor experts Gordon W Prange Donald M Goldstein and Katherine V Dillon tackle dozens of thorny issues in an attempt to determine who was at fault for one of the most shocking military disasters in history *Pearl Harbor* Craig Nelson, 2016-09-20 The America we live in today was born not on July 4 1776 but on December 7 1941 when an armada of 354 Japanese warplanes supported by aircraft carriers destroyers and midget submarines suddenly and savagely attacked the United States killing 2 403 men and forced America's entry into World War II This book follows moment by moment the sailors soldiers pilots diplomats admirals generals emperor and president as they engineer fight and react to this dramatic moment in world history Dust jacket flap *What Was Pearl Harbor?* Patricia Demuth, 2013 On December 7 1941 Japanese war planes appeared out of nowhere to bomb the American base at Pearl Harbor in Hawaii The United States was propelled into World War II *The Attack on Pearl Harbor* Katherine Krieg, 2013-08-01 This book relays factual details of the attack on Pearl Harbor in 1941 through multiple accounts of the event Readers learn details through the point of view of a U S Soldier at Pearl Harbor a Japanese military commander and a

Hawaiian worker near the military base This book offers opportunities to compare and contrast various narrative perspectives in the text while gathering and analyzing information about an historical event Attack on Pearl Harbor Bert Kinzey, Rock Roszal, 2025-01-02 In 2010 Detail Scale published the original Attack on Pearl Harbor Japan Awakens a Sleeping Giant at the request of the USS ARIZONA Memorial Foundation now a part of Pacific Historic Parks The goal was to produce a reasonably priced book that covered the Japanese attack on Pearl Harbor in as much detail as possible while limiting the book in size so it could be sold in the Pearl Harbor Museum bookstore That book proved to be very popular and is now out of print In researching that book a significant amount of materials were collected that could not be included because of the limitations of the printing process Now to commemorate the 75th anniversary of the attack Detail Scale brings you this greatly expanded volume with significant new sections and more information on the attack including in depth coverage of the American response All of the original chapters have been expanded and entire new chapters have been added This digital publication is over four times the size of the original printed version and stands as the most profusely detailed and illustrated account of the attack ever published yet it is priced significantly lower than the original book from 2010 The book begins with a Why Pearl Harbor chapter that summarizes the political events of the previous decade which convinced many Japanese leaders that they had to go to war with the United States and examines why the Japanese chose Pearl Harbor as the location to launch their dramatic initial blow against the United States Navy in the Pacific The Japanese attack plan is then covered in the next chapter which is followed with a chapter that looks at the high level commanders on both sides of the attack Four chapters look at the six Japanese aircraft carriers that made up the First Air Fleet which launched the attack the various other ships that supported the strike force and what their roles were a detailed look at the Japanese aircraft that participated in all phases of the attack and the weapons they carried Information is next provided on all of the major and minor ships of the U S Pacific Fleet both those at Pearl Harbor on the day of the attack and those that weren't The opening of the attack in the pre dawn hours is covered next with a description of the initial Japanese attempt to infiltrate the harbor with five midget submarines and the American response which resulted in this part of the attack being a complete failure The air attack is then covered in a chapter that is basically a book within a book with the Japanese aerial torpedo attacks covered first followed by the bombing and strafing attacks Each geographic area of the harbor and the targeted airfields are covered separately with a detailed text and numerous photographs But unlike other publications this chapter is not limited to explaining only what the Japanese did Also included is how the Americans fought back against the attack with everything they had and detailed accounts of the response of almost every ship present in Pearl Harbor that day are provided The American aircraft that rose in response to the attack are covered and the exploits of some of the pilots involved are given Chapters follow that summarize U S losses damage and recovery with photographs and information on every ship included on the Navy's official damage report Japanese losses and mistakes and a summary of the resulting wrath of the Awakened Giant

Remember Pearl Harbor! Blake Clark,2016-01-04 Remember Pearl Harbor published in 1942 was the first book to be released following the Japanese attack on Oahu on December 7 1941 The book by long time Hawaii resident Blake Clark provides an overview of what happened on that fateful day as well as stories of sailors flyers soldiers doctors nurses and civilians affected by the attack plus an look at the large Japanese community present on Oahu Although brief this firsthand account is an important look at life on Hawaii at the time of the attack and shortly afterward Note that this edition is of the first printing of Remember Pearl Harbor A slightly revised edition with maps and updates to the text was published in 1943

Pearl Harbor Takuma Melber,2020-10-22 Hawaii 7th December 1941 shortly before 8 in the morning Japanese torpedo bombers launch a surprise attack on the US Pacific fleet anchored in Pearl Harbor The devastating attack claims the lives of over 2 400 American soldiers sinks or damages 18 ships and destroys nearly 350 aircraft The US Congress declares war on Japan the following day In this vivid and lively book Takuma Melber breathes new life into the dramatic events that unfolded before during and after Pearl Harbor by putting the perspective of the Japanese attackers at the centre of his account This is the dimension commonly missing in most other histories of Pearl Harbor and it gives Melber the opportunity to provide a fuller more definitive and authoritative account of the battle its background and its consequences Melber sheds new light on the long negotiations that went on between the Japanese and Americans in 1941 and the confusion and argument among the Japanese political and military elite He shows how US intelligence and military leaders in Washington failed to interpret correctly the information they had and to draw the necessary conclusions about the Japanese war intentions in advance of the attack His account of the battle itself is informed by the latest research and benefits from including the planning and post raid assessment by the Japanese commanders His account also covers the second raid in March 1942 by two long range seaplanes which was intended to destroy the shipyards so that ships damaged in the initial attack could not be repaired This balanced and thoroughly researched book deepens our understanding of the battle that precipitated America s entry into the war and it will appeal to anyone interested in World War II and military history
