Nepal Pakistan Sikkim and Sri Lanka SDGs in Africa and the Middle East Region Ismaila Rimi Abubakar,Izael da Silva,Rudi Pretorius,Khaled Tarabieh,2024-09-01 Africa is one of the most vulnerable regions and one where the implementation of the SDGs is particularly urgent Underinvestments in natural conservation are increasing the vulnerability of people across many African countries whose well being is endangered by deteriorating socio economic and environmental conditions This volume provides a contribution towards showcasing how natural resources may be more efficiently used and investments may be mobilised to augment the limited public sector funds available to achieve the SDGs This book is part of the 100 papers to accelerate the implementation of the UN Sustainable Development Goals initiative *While the Billy Boils* Paul Eggert,2012-12-03 Fifty two of Henry Lawson s stories and sketches that he had first published in newspapers and magazines from 1888 onwards were gathered in his collection While the Billy Boils Angus Robertson 1896 Lawson was not responsible for their ordering and he had to give ground on their texts especially on his idiosyncratic presentation of wordings that helped to breathe life into his characters and situations The present edition dismantles the fait accompli of 1896 by presenting the individual items in the chronological order of their first publication and with their original newspaper texts This will allow a new appreciation of Lawson s writing one that is attentive to his developing powers The edition also facilitates a close study of Lawson s collaboration with the producers of the collection in 1896 in particular with his copy editor Arthur W Jose and publisher George Robertson Facsimile images available online of the printer s copy that they prepared for While the Billy Boils supplement the edition s listing of the alterations that each of them made revealing the textual history of each story or sketch Sustainable Management of Cordyceps Jiping Sheng,Ksenia

Gerasimova,2025-01-24 This book examines the challenges of sustainably managing and conserving Cordyceps sinensis a

rare species of fungus largely grown in Tibet currently on the brink of extinction As one of the most expensive commodities in the world particularly valued for its medicinal properties in China the price of Cordyceps has risen by over 900% since the 1970s This has made it a very lucrative resource for farmers many of whom are struggling to produce sufficient food to sustain themselves Naturally this has led to overharvesting and coupled with the impacts of climate change the crop itself is now at risk Rarely discussed in Western literature this book provides a novel examination of Cordyceps looking into the necessary changes needed to sustainably manage and conserve this important crop Drawing on extensive field work conducted in Qinghai Tibet the book analyzes the supply chain identifying key issues around production and considering the role and impact of relevant stakeholders It discusses the necessary changes needed for a sustainable supply change particularly to stop long term overharvesting The book then discusses the role of policy and the institutional management of this resource in China as one of the main producers and consumers It analyzes current policy instruments and argues for a more coherent policy which is better orientated towards conservation and sustainable management rather than solely market regulation This book will be of great interest to students and scholars of natural resource management environmental conservation environmental policy and sustainable supply chain management *Promoting Continence* Kathryn
