doctors and gun toting rebels only to discover that the pagan spirits were more tenacious than the missionaries had imagined Melanesians had stirred Jesus and Mary into an already spicy broth of ancestor worship ghosts shark gods and magic Through confrontations with a bizarre cast of characters the randy ethnographer the soft talking assassin the leper prophet the journey becomes a debate on the nature of magic myth and faith and a metaphor for the transforming power of story The Last Heathen marks the debut of an exciting young writer who charts his adventures with passion insight and grace *The Geography of Lograire* Thomas Merton, 1969 Thomas Merton's final testament as a poet is his most ambitious long work and a remarkable poetic achievement Melanesia Hamish McDonald, 2025 Stretching from Fiji in the east to New Guinea in the west Melanesia is astonishingly diverse Its islands are home to some 1 200 language groups many of them still isolated from the outside world This complex region tends to make the news only in times of crisis military coups in Fiji Kanak unrest in New Caledonia rioting in the Solomon Islands Melanesia offers readers a deeper insight into the people and places behind these headlines combining travelogue history and astute political analysis By land and sea Hamish McDonald travels from one end of Melanesia to the other uncovering the histories values aspirations and tensions that have shaped the region He examines the impact of outsiders on local communities the Indians recruited to work in Fiji the white blackbirders who kidnapped Melanesians to labor in Australian cane fields the Americans during the Second World War the Indonesians in New Guinea And he considers the big changes unfolding today as shifting demographics and the growing influence of China produce a new balance of power across the region Vividly written Melanesia is essential reading for anyone looking to understand this fascinating part of the world and its growing international significance **Cargo, Cult, and Culture Critique** Holger Jebens, 2004-01-01 This collection of original essays is based on fieldwork in Melanesia Fiji Australia and Indonesia by scholars who are influential in the contemporary debate on cargo cults **The Tree and the Canoe** Joël Bonnemaïson, 1994-01-01 This personal observation of Tanna an island in the southern part of the Vanuatu archipelago presents an extraordinary case study of cultural resistance Based on interviews myths and stories collected in the field and archival research The Tree and the Canoe analyzes the resilience of the people of Tanna who when faced with an intense form of cultural contact that threatened to engulf them liberated themselves by re creating and sometimes reinventing their own kastom Following a lengthy history of Tanna from European contact the author discusses in detail original creation myths and how Tanna people revived them in response to changes brought by missionaries and foreign governments The final chapters of the book deal with the violent opposition of part of the island population to the newly established National Unity government **Cargo Cult** Lamont Lindstrom, 2019-03-31 Who is not captivated by tales of Islanders earnestly scanning their watery horizons for great fleets of cargo ships bringing rice radios and refrigerators ships that will never arrive Of all the stories spun about the island peoples of Melanesia tales of cargo cult are among the most fascinating The term cargo cult Lamont Lindstrom contends is one of anthropology's most successful conceptual offspring Like culture

worldview and ethnicity its usage has steadily proliferated migrating into popular culture where today it is used to describe an astonishing roll call of people Its history makes for lively and compelling reading The cargo cult story Lindstrom shows is more significant than it at first appears for it recapitulates in summary form three generations of anthropological theory and Pacific studies Although anthropologists enthusiasm for the notion of cargo cult has waned it now colors outsiders understanding of Melanesian culture and even Melanesians perceptions of themselves The repercussions for contemporary Islanders are significant leaders of more than one political movement have felt the need to deny that they are any kind of cargo cultist Of particular interest to this history is Lindstrom s argument that accounts of cargo cult are at heart tragedies of thwarted desire melancholy anticipation and crazy unrequited love He makes a convincing case that these stories expose powerful Western scenarios of desire itself giving cargo cult its combined titillation of the fascinating exotic and the comfortably familiar

**An Academic Skating on Thin Ice** Peter Worsley, 2008-04-01. Peter Worsley's studies at Cambridge were interrupted by war service as a communist officer in the colonial forces in Africa and India, and it was here that he developed a keen interest in anthropology. He worked in mass education in Tanganyika and then studied with Max Gluckman at Manchester University. Banned from re-entering Africa, Worsley went to Australia where he was banned once more this time from New Guinea, yet he did succeed in completing field research for his Ph.D. on an Australian Aboriginal tribe. His subsequent book on Cargo cults in Melanesia is now regarded as a classic, but his left-wing politics ensured that he could not get a job in anthropology, so he switched to sociology on his return to Manchester.
