The Top Dimension Phyllis Sinclair, 2015-11-03 Short story description A paranormal story about astral travel or out of body travel Spirit guides and guardian angels Spiritual dimensions above and beyond Earth and reincarnation Faith Beyond Belief Margaret Placentra Johnston, 2012-12-13 Faith Beyond Belief gives a much needed voice to the good people who have left their church but whose spirituality continues to mature Johnston uses first person stories as well as known spiritual authorities in describing various stages of religious growth Some of these real life accounts are by nonbelievers others are by those among the growing numbers of the spiritual but not religious All are thoughtful people with too much integrity to live what they consider a lie The stories of the nonbelievers including an ex Catholic a former Mormon and a clandestine Muslim apostate who left his community after the attacks of 9/11 show how complete confidence in human reason can lead away from literal religious interpretation But while that step is a necessary one on the spiritual path it is only intermediate Her second set of stories are of people at the mystic level who can tolerate paradox and see truth and reality as multidimensional Johnston's book will help doubters to see things in a new light as well as those who are struggling to clarify their own spiritual vision It also points beyond the atheist believer controversy wrecking such divisive havoc in our culture today
