The Shaping of American Higher Education Arthur M. Cohen, Carrie B. Kisker, 2009-12-09 THE SHAPING OF AMERICAN HIGHER EDUCATION SECOND EDITION When the first edition of The Shaping of American Higher Education was published it was lauded for its historical perspective and in depth coverage of current events that provided an authoritative comprehensive account of the history of higher education in the United States As in the first edition this book tracks trends and important issues in eight key areas student access faculty professionalization curricular expansion institutional growth governance finance research and outcomes Thoroughly revised and updated the volume is filled with critical new data recent information from specialized sources on faculty student admissions and management practices and an entirely new section that explores privatization corporatization and accountability from the mid 1990s to the present This second edition also includes end of chapter questions for guidance reflection and study Cohen and Kisker do the

nation's colleges and universities a much needed service by authoring this volume. The highly regarded histories of American higher education have become badly dated. They ignore the last quarter century when American higher education was transformed. This volume provides comprehensive information on that era. Art Levine, president, Woodrow Wilson National Fellowship Foundation and author, *When Hope and Fear Collide: A Portrait of Today's College Student*. The second edition of *The Shaping of American Higher Education* is a treasure trove of information and insight. Cohen and Kisker provide us with astute and straightforward analysis and commentary on our past, present, and likely future. This book is invaluable to those seeking to go to the heart of the issues and challenges confronting higher education. Judith S. Eaton, president, Council for Higher Education Accreditation. Arthur Cohen and his collaborator have now updated his superb history of American higher education. It remains masterful, authoritative, comprehensive, and incisive and guarantees that this work will stand as the classic required resource for all who want to understand where higher education came from and where it is going. The new material gives a wise and nuanced perspective on the current crisis-driven transformations of the higher education industry. John Lombardi, president, Louisiana State University System. *The Shaping of American Higher Education* is distinguished by its systematic approach, comprehensive coverage, and extensive treatment of the modern era, including the first years of the twenty-first century. In this second edition, Arthur Cohen and Carrie Kisker are especially adept at bringing historical perspective and a balanced viewpoint to controversial issues of the current era. Roger L. Geiger, distinguished professor, The Pennsylvania State University and author, *Knowledge and Money*. **Epidemiological Criminology** Timothy A.

Akers, Roberto H. Potter, Carl V. Hill, 2012-12-26. Written by the three leading experts in the field, this book combines an introduction to the sources and methods of epidemiological criminology and an application of these methods to some of the most vexing problems now confronting researchers and practitioners in public health and criminology. The book describes, explains, and applies the newly formulated practice of epidemiological criminology, an emerging discipline that links methods and statistical models of public health, particularly epidemiological theory, methods, and models with the corresponding tools of their criminal justice counterparts. The book also applies epidemiological criminology as a practical tool to address population issues of violence and crime on a national and global basis. Provided by publisher. **Meeting the**

Psychoeducational Needs of Minority Students Craig L. Frisby, 2013-02-06. Dr. Frisby focuses a bright light on issues that often remain obscured in a fog of polemics, deeply held convictions, and genuine concern for the plight of minority students. *Meeting the Psychoeducational Needs of Minority Students* cuts through this fog with intense, sharp, clear thinking and data-driven conclusions. Jeffrey P. Braden, PhD, Professor of Psychology and Dean of the College of Humanities and Social Sciences, North Carolina State University. Going beyond superficial 'feel good' or 'feel bad' ideologies to probe what really makes a difference in meeting the needs of often underserved populations, Craig Frisby provides a comprehensive, rigorous, well-written, and entertaining honest work that addresses the intersection of race, ethnicity, and education. Betty Henry, PhD, School

Psychologist California School for the Blind Dr Frisby makes a perceptive and incisive assessment of much of the multicultural ideology currently propagated in professional psychology and education and directly confronts some of the major issues surrounding multiculturalism Unlike many other critiques that have been proffered over the last few decades however Meeting the Psychoeducational Needs of Minority Students also provides many concrete solutions for how to begin changing the current milieu A Alexander Beaujean PhD Associate Professor Baylor University A practical research based guide to facilitating positive educational outcomes for racial ethnic and language minority students This timely book is written from the perspective of contemporary school psychology for a variety of school personnel including school psychologists teachers guidance counselors and administrators with coverage of The problem of quack multiculturalism Home and family Context for school learning General cognitive ability learning and instruction Testing and assessment School discipline and behavior management Crime delinquency and gangs School district resources

Using Evidence of Student Learning to Improve Higher Education George D. Kuh, Stanley O. Ikenberry, Natasha A. Jankowski, Timothy Reese Cain, Peter T. Ewell, Pat Hutchings, Jillian Kinzie, 2015-01-20 American higher education needs a major reframing of student learning outcomes assessment Dynamic changes are underway in American higher education New providers emerging technologies cost concerns student debt and nagging doubts about quality all call out the need for institutions to show evidence of student learning From scholars at the National Institute for Learning Outcomes Assessment NILOA Using Evidence of Student Learning to Improve Higher Education presents a reframed conception and approach to student learning outcomes assessment The authors explain why it is counterproductive to view collecting and using evidence of student accomplishment as primarily a compliance activity Today's circumstances demand a fresh and more strategic approach to the processes by which evidence about student learning is obtained and used to inform efforts to improve teaching learning and decision making Whether you're in the classroom an administrative office or on an assessment committee data about what students know and are able to do are critical for guiding changes that are needed in institutional policies and practices to improve student learning and success Use this book to Understand how and why student learning outcomes assessment can enhance student accomplishment and increase institutional effectiveness Shift the view of assessment from being externally driven to internally motivated Learn how assessment results can help inform decision making Use assessment data to manage change and improve student success Gauging student learning is necessary if institutions are to prepare students to meet the 21st century needs of employers and live an economically independent civically responsible life For assessment professionals and educational leaders Using Evidence of Student Learning to Improve Higher Education offers both a compelling rationale and practical advice for making student learning outcomes assessment more effective and efficient
