Jehovah's Witnesses in Europe Gerhard Besier, 2019-02-01 The religious association of Jehovah's Witnesses has existed for about 150 years in Europe How Jehovah's Witnesses found their way in these countries has depended upon the way this missionary association was treated by the majority of the non Witness population the government and established churches In this respect the history of Jehovah's Witnesses in Europe is also a history of the social constitution of these countries and their willingness to accept and integrate religious minorities Jehovah's Witnesses faced suppression and persecution not only in dictatorships but also in some democratic states In other countries however they developed in relative freedom How the different situations in the various national societies affected the religious association and what challenges Jehovah's Witnesses had to overcome and still do in part even until our day is the theme of this history volume **Faithful Theology**

Graham A. Cole, 2020-01-07 Everyone has thoughts about God But how do we know if our thoughts are true If we want to know the truth about God we need a sound approach to incorporating what the whole Bible teaches In this concise introduction to systematic theology theologian Graham A Cole explores how we move from Scripture to doctrine in order to shape what we believe what we value and how we live He shows us the importance of having the right method rooted in the word of God consistent with church history in the context of a broken world dependent on divine wisdom and ultimately aiming at pure worship **Theological Method** Graham A. Cole, 2025-04-01 How to Be Certain That Your Understanding of God Reflects the Truth of Scripture If we want to know the truth about God we need a sound approach to incorporating what the whole Bible teaches In this concise introduction to systematic theology theologian Graham A Cole explores how we move from Scripture to doctrine in order to shape what we believe what we value and how we live He shows us the importance of having the right method rooted in the word of God consistent with church history in the context of a broken world dependent on divine wisdom and ultimately aiming at pure worship The first volume in the Short Studies in Systematic Theology series this book explores what it means to do theology why theology matters and what it looks like to derive doctrine from God's word helping us understand what to believe what to value and how to live Each chapter looks at 1 of 5 crucial components for constructing good theology revelation from God tradition from the past worship wisdom and experience of brokenness with case studies illustrating how doctrine is developed from each of these important sources Readers will be left with a deeper understanding of how to make sure their theology faithfully reflects the truth of God's word 5 Crucial Elements of Constructing Good Theology Explores revelation from God tradition from the past worship wisdom and experience of brokenness Practical Explains how to move from Scripture to doctrine Accessible Uses case studies to demonstrate the importance and elements of good theology Replaces ISBN 978 1 4335 5911 2 Formerly titled Faithful Theology Cult Shock Mark Stengler, 2017-07-04 Two Christian Bible scholars outline arguments anyone can use to counter and evangelize to Jehovah's Witnesses and Mormons when they come knocking Cult Shock is an easy to follow resource of Christian

Ethics and Values in Social Work Allan Edward Barsky, 2019-02-26 Students entering the field of social work need to develop a real world understanding of how to apply values such as respect social justice human relationships service competence and integrity in practice while managing the dilemmas that arise when social workers clients and others encounter conflicting values and ethical obligations This second edition of *Ethics and Values in Social Work* offers a comprehensive set of teaching and learning materials to help students develop the knowledge self awareness and critical thinking skills required to handle values and ethical issues in all levels of practice individual family group organization community and social policy *Melting Pot or Civil War?* Reihan Salam, 2018-09-25 Long before Covid 19 and the death of George Floyd rocked America Reihan Salam predicted our current unrest and provided a blueprint for reuniting the country The years to come may see a new populist revolt driven by the resentments of working class Americans of color For too long liberals have suggested that only cruel racist or nativist bigots would want to restrict immigration Anyone motivated by compassion and egalitarianism would choose open or nearly open borders or so the argument goes Now Reihan Salam the son of Bangladeshi immigrants turns this argument on its head In this deeply researched but also deeply personal book Salam shows why uncontrolled immigration is bad for everyone including people like his family Our current system has intensified the isolation of our native poor and risks ghettoizing the children of poor immigrants It ignores the challenges posed by the declining demand for less skilled labor even as it exacerbates ethnic inequality and deepens our political divides

If we continue on our current course in which immigration policy serves wealthy insiders who profit from cheap labor and cosmopolitan extremists attack the legitimacy of borders the rise of a new ethnic underclass is inevitable Even more so than now class politics will be ethnic politics and national unity will be impossible Salam offers a solution if we have the courage to break with the past and craft an immigration policy that serves our long term national interests Rejecting both militant multiculturalism and white identity politics he argues that limiting total immigration and favoring skilled immigrants will combat rising inequality balance diversity with assimilation and foster a new nationalism that puts the interests of all Americans native born and foreign born first

[The Watchtower's Coming Crisis](#) Daniel Rodriguez, 2011 A devastating crisis has the Jehovah s Witness religion facing extinction Chances are that you have never met a real Jehovah s Witness While those at your door may claim to be one of Jehovah s Witnesses their own publications plainly teach otherwise So who are the real Jehovah s Witnesses The Watchtower Society teaches that they are members of the 144 000 who will be the only ones going to heaven Membership in this group began with the early apostles Over the centuries others have been added but the Watchtower declared that the number was completed in 1935 Anyone who claims to be one of Jehovah s Witnesses has to be one of the 144 000 and must be very old now However the Watchtower Society teaches that these are the only ones who hear from God and are responsible for Watchtower teaching and leadership Because these people are dying the Watchtower is facing a credibility crisis So the Watchtower is quietly manipulating these death figures to keep the Watchtower organization alive And now just last year Watchtower literature quietly began to try to wiggle out of the 1935 closing date for the 144 000 But this only adds further opportunity for you to show the JW who comes to your door that he cannot trust the Watchtower with his precious eternal life The Watchtower representative at your door believes he will remain on Paradise Earth after the coming Armageddon since only the original 144 000 have any hope of going to heaven In fact they are the only ones allowed to take communion He does not believe he can understand Bible truths

without the Watchtower He is dependent on a publication that one day soon will be left without writers to reveal God's truths Who are those writers Those who remain of the original 144 000 and they are dying Oddly enough their founder Charles Taze Russell never taught the doctrine of the 144 000 In this book you will learn the true history of this false Watchtower doctrine You will be surprised to discover that this doctrine is not just a Bible issue It is also a historical issue and a numbers game that the Watchtower Society has had to manipulate throughout the years to keep that organization alive With the information and witnessing strategies in this book you will be able to plant seeds of doubt and undermine the authority of the Watchtower The Watchtower knows it is essential that this cornerstone doctrine remain alive if it is going to continue to exist as the spiritual leader for its followers Time is the enemy of this teaching and they know it
