**The Crest-Wave of Evolution** Kenneth Morris, 2024-11-23 These lectures will not be concerned with history as a record of wars and political changes they will have little to tell of battles murders and sudden deaths Instead we shall try to discover and throw light on the cyclic movements of the Human Spirit Back of all phenomena or the outward show of things there is always a noumenon in the unseen Behind the phenomena of human history the noumenon is the Human Spirit moving in accordance with its own necessities and cyclic laws We may if we go to it intelligently gain some inkling of knowledge as to what those laws are and I think that would be in its way a real wisdom and worth getting But for the most part historical study seeks knowledge only and how it attains its aim is shown by the falseness of what passes for history In most textbooks you shall find probably a round dozen of lies on as many pages The Eternal Right Thing is what is called in Sanskrit SAT the True its opposite is the Lie in one fashion or another always and what we have to do our mission and *raison d'être* as students of Theosophy is to put down the Lie at every turn and chase it as far as we may out of the field of life Educational Times and Journal of the College of Preceptors, 1915 **Educational Times**, 1914 **The Educational Times, and Journal of the College of Preceptors**, 1915 **Nuclear Science Abstracts**, 1976-04 **Electronics and Television & Short-wave World**, 1943
