Deepening Literacy Learning Mary Ann Reilly, Jane M. Gangi, Rob Cohen, 2010-09-01 Hoping for Home Lillian Boraks-Nemetz, 2011 In these eleven original stories characters bravely face the challenges of settling into a new life In this wonderful new short story anthology eleven of Canada's top children's authors contribute stories of immigration displacement and change exploring the frustration and uncertainty those changes can bring Told in first person narratives this collection features a diverse cast of boys and girls each one living at a different point in Canada's vast landscape and history With unforgettable protagonists such as Miriam a Warsaw ghetto survivor now reunited with her family in Montreal Wong Joe on a young Chinese immigrant who faces racism in a small Saskatchewan town and Insy an Ojibwe girl who makes her first trip to a white town in Northern Ontario young readers will be moved by the opportunities and difficulties that these characters face as each one ponders what it means to be Canadian and struggles to fit in Hoping for Home includes stories by Jean Little Kit Pearson Brian Dowe Paul Yee Irene N Watts Ruby Slipperjack Afua Cooper Rukhsana Khan Marie Andr e Clermont Lillian Boraks Nemetz and Shelley Tanaka Narratives for Young Readers on West Asia Arya Priyadarshini, Suman Sigroha, 2025-02-18 Through critical textual analysis of the trauma narratives for young readers written in English on political conflicts and the violation of humanitarian values this book recovers the response to trauma from the margins of the survivor spectrum By focusing on the experiences of Syrian and Palestinian children it elucidates how their stories are often portrayed in a manner that not only

emphasises their resilience but also underscores the gravity of the experiences The book sheds light on the multifaceted impact of the conflicts on the region and the psychological toll they take on the younger generation through the representation of their experiences in these narratives The harrowing experiences of refugees war victims and displaced persons from non Western countries often lack a voice in the advancement of the trauma discourse The theoretical approach utilised in this research thus employs child and adolescent psychoanalysis to extend the existing approach to trauma studies and brings the neglected and under represented trauma narratives to the fore Many of the atrocities discussed in this book continue in the present times which makes the study of this subject matter even more vital The ongoing war between Israel and Hamas that has killed thousands of people in the region within a short space of time makes this research even more pertinent and urgent as the widespread violence and suffering has echoed the trauma that the region has undergone in the past decades
