Jumbos and Jumping Devils Nisha P.R., 2020-06-12 Jumbos and Jumping Devils is a pioneering exploration of the social history of circus in India over the last 150 years It presents a wide variety of amazing tales ranging from the blooming and evolution of circus acrobatics in early twentieth century Malabar to the sensational legal battles following the ban of wild animals and children from the circus ring in the twenty first century Alongside extensive fieldwork and interviews the author has used memorabilia including photographs notices posters letters diaries unpublished autobiographies private papers and recollections of the circus community to chronicle the hitherto untold story of the Indian circus The book paves the way for a new sociocultural analysis of performance genres and popular culture in the subcontinent against several overlapping contexts These include the remaking of caste and gender identities transformation of physical cultures and bodies interventions of the colonial and postcolonial states and emergence of new transregional and transnational spaces

Animals and War Ryan Hediger, 2012-11-01 Animals and War is the first collection of essays to explore its important yet neglected topic Scholars from sociology history anthropology and literary and cultural studies investigate the presence of animals in human wars The essays analyze a wide range of phenomena including the new militarization of bees zoo animals during war war dogs Finish horses in World War II Canadian war literature and the effort to memorialize nonhuman war animals Although animals are often forced to participate in human wars their presence also signals human vulnerability and dependence Several chapters demonstrate that in the frequently horrible circumstances of war powerful sympathies nonetheless flourish between humans and animals Animals and War thus exposes the often paradoxical contours of human animal relationships

Media Imperialism in India and Pakistan Farooq Sulehria, 2018-01-02 Examining anew the notions of media imperialism and globalization of media this book disrupts the generalised consensus in media scholarship that globalization of media has put an end to media imperialism One elemental aspect of media imperialism is the structural dependency of television systems in the global South on the imperial North Taking India and Pakistan as its case studies this book views globalization of media as the unleashing of processes that have translated into the liberalization of air waves and privatization of television systems whereby commercialization of television is privileged over public interest television Additionally it argues that the globalization of media has contributed to corruption tabloidization and marginalization of subaltern classes in the Indian and Pakistani media
