

CAPM Study Guide

1. Introduction to Project Management

- Five Project Management Process Groups: Initiating, Planning, Executing, Monitoring and Controlling, and Closing.
- Project, Program, Portfolio, and Operational Management: Projects are temporary and unique, programs are groups of related projects, portfolios are collections of projects and programs, and operational management involves the ongoing execution of activities that produce the same product or service.
- Project Lifecycle: Conception, Definition, Planning, Performance, and Closure.
- Tailoring: Selecting and adapting the project's processes, methodologies, inputs, outputs, etc., to best suit the project's unique context.

2. Project Environment

- Factors and assets impacting the project: Environmental factors might include legal regulations, market conditions, and social and cultural influences. Organizational assets might include process assets and knowledge repositories.
- Organizational Systems: Includes functional, matrix, and project-oriented structures.
- Project Management Office (PMO): Standardizes project-related governance processes and facilitates sharing of resources, methodologies, tools, and techniques.
- Hierarchy of projects, programs, and portfolios: Projects are part of programs, which are part of portfolios.

3. Role of the Project Manager

- Primary Functions: Planning, executing, and closing projects, managing teams, making decisions, and communicating.

Study Guide For Capm:

CAPM® in Depth Paul Sanghera, 2018-07-03 Use this study guide to prepare for the Certified Associate in Project Management CAPM exam based on PMBOK's sixth edition administered by the Project Management Institute PMI. The revised and updated second edition of the best-selling CAPM in Depth has a laser sharp focus on the exam objectives for project managers and others who want to pass the CAPM exam. No prior knowledge of project management is assumed. The chapters and the sections within each chapter are presented in a logical learning sequence. The concepts and topics both simple and complex are clearly explained when they appear for the first time. This facilitates step-wise learning, prevents confusion, and makes this book useful for those who want to get up to speed quickly to pass the CAPM exam even if you are new to the discipline of project management. This book tells the story of project management in a cohesive, concise yet comprehensive fashion. Unlike most CAPM exam books, this book is not just an exam cram book. It is an easy-to-understand guide that is a valuable reference both before and after the exam. What You'll Learn: Understand the body of knowledge required to earn the Certified Associate in Project Management CAPM certification. Acquire the knowledge needed to successfully manage projects in any field. Who This Book Is For: Project management practitioners preparing for the CAPM exam; entry-level project managers and project team members preparing for the CAPM exam; beginners who want to join the field of project management and get up to speed quickly; project managers who need a quick and easy reference to the discipline of project management; instructors and trainers who need a textbook for a course on project management.

Project Management Workbook and PMP / CAPM Exam Study Guide Harold Kerzner, Frank P. Saladis, 2017-04-12 Sharpen your project management skills and prepare for the latest PMP CAPM exam. The Project Management Workbook and PMP CAPM Exam Study Guide is a two-in-one resource for mastering the Project Management Body of Knowledge (PMBOK). As the companion to Project Management: A Systems Approach to Planning, Scheduling, and Controlling, this book provides the opportunity to strengthen your understanding of project management in real-world application with questions, problems, and cases designed to enhance your critical thinking skills. Functioning as a stand-alone study guide to the Project Management Professional (PMP) Certification Exam, this book helps you develop the critical skills of a successful project manager with questions that show you what to expect on exam day. Interesting, enjoyable, and thought-provoking, this workbook and study guide helps you dig into the PMBOK and gain the professional insights that come only from applying what you've learned. Reading the PMBOK doesn't fully prepare you to pass the PMP exam, let alone function as a project manager in the real world. Understanding how to apply the various methodologies is vital to your success, and this book gives you a wealth of guided practice to hone your skills in advance. Practice applying project management concepts. Test your grasp of the PMBOK methodology. Preview the PMP with simulated exam questions. Enhance your critical thinking and project management skills. The project manager's role is broad in scope and detailed in function. Don't try to memorize the PMBOK; internalize it. This

approach gives you a ready body of knowledge available for recall as needed and helps you become a more efficient more effective project manager Instinctive knowledge comes from copious practice and the Project Management Workbook and PMP CAPM Exam Study Guide is your ideal resource for developing your skills PMI PMBOK CAPM PMP and Project Management Professional are registered marks of the Project Management Institute Inc [Achieve CAPM Exam Success](#) Diane Altwies, Frank Reynolds, 2009-10 This study guide provides new project managers and participants with a brief yet comprehensive self study program for passing the Certified Associate in Project Management CAPM Exam The companion CD ROM allows users to simulate 150 exam questions [CAPM Certified Associate in Project Management All-in-One Exam Guide](#) James Lee Haner, 2023-09-08 Complete coverage of all objectives in the 2023 release of the CAPM exam Take the Certified Associate in Project Management CAPM exam with confidence using this highly effective self study guide Written by a project management expert and bestselling author CAPM Certified Associate in Project Management All in One Exam Guide offers complete coverage of every objective on the current version of the test To help you study each chapter contains unique design elements that emphasize important points and aid in retention An appendix 50 Confusing Terms on the CAPM Exam will help you understand the differences in terms that sound similar but have different meanings In addition the book includes more than 450 practice questions along with detailed answer explanations Designed to help you pass the exam with ease this comprehensive guide also serves as an essential on the job reference for project management professionals Covers all exam topics including Project Management Fundamentals and Core Concepts Predictive Plan Based Methodologies Agile Frameworks Methodologies Business Analysis Frameworks Online content includes Practice exams test yourself by CAPM exam domain or take a complete exam Printable flash cards word puzzles and matching exercises for self directed learning Printable CAPM memory card for on the go study **CAPM in Depth** Paul Sanghera, 2019 Use this study guide to prepare for the Certified Associate in Project Management CAPM exam based on PMBOK s sixth edition administered by the Project Management Institute PMI The revised and updated second edition of the best selling CAPM in Depth has a laser sharp focus on the exam objectives for project managers and others who want to pass the CAPM exam No prior knowledge of project management is assumed The chapters and the sections within each chapter are presented in a logical learning sequence The concepts and topics both simple and complex are clearly explained when they appear for the first time This facilitates step wise learning prevents confusion and makes this book useful for those who want to get up to speed quickly to pass the CAPM exam even if you are new to the discipline of project management This book tells the story of project management in a cohesive concise yet comprehensive fashion Unlike most CAPM exam books this book is not just an exam cram book It is an easy to understand guide that is a valuable reference both before and after the exam What You ll Learn Understand the body of knowledge required to earn the Certified Associate in Project Management CAPM certification Acquire the knowledge needed to successfully manage projects in any field Who This Book Is For Project management practitioners preparing for
