vocational and professional WG 3 4 education under the auspices of IFIP Technical Committee for Education TC3 The  
conference was held in Harare Zimbabwe 25th 29th August 1997 CapBIT 97 was the first time that the IFIP Technical  
Committee for Education had held a conference in a developing country When the Computer Society of Zimbabwe offered to  
host the event we determined that the location and conference topic reflect the importance of issues facing countries at all  
stages of developmen especially Information Technologies IT development Information Technologies have become within a  
short time one of the basic building blocks of modem industrial society Understanding IT and mastering basic skills and  
concepts of IT are now regarded as part of the core education of all people around the world alongside reading and writing IT  
now permeates the business environment and underpins the success of modem corporations as well as providing government  
with cost effective civil service systems At the same time the tools and technologies of IT are of value in the process of  
learning and in the organisation and management of learning institutions      *Entrepreneurship* Mario Franco,2016-11-09  
Entrepreneurship has been seen as a phenomenon allowing economic development job creation increased productivity and  
innovation but many studies do not include the causes of these events Consequently the objective of this book is to fill this  
gap by combining several studies from more practice oriented perspectives The various chapters presented here follow  
several approaches which researchers explore in different contexts and link to specific experiences in entrepreneurship This  
book intends to contribute to better understanding of the phenomenon of entrepreneurship and innovation and to show how  
these business practices can stimulate economic development in various countries and regions worldwide      Living with
