A Newspaper for China? Barbara Mittler, 2020-03-23 In 1872 in the treaty port of Shanghai British merchant Ernest Major founded one of the longest lived and most successful of modern Chinese language newspapers the Shenbao His publication quickly became a leading newspaper in China and won praise as a department store of news a forum for intellectual discussion and moral challenge and an independent mouthpiece of the public voice Located in the International Settlement of Shanghai it was free of government regulation Paradoxically in a country where the government monopolized the public sphere it became one of the world's most independent newspapers As a private venture the Shenbao was free of the ideologies that constrained missionary papers published in China during the nineteenth century But it also lacked the subsidies that allowed these papers to survive without a large readership As a purely commercial venture the foreign managed Shenbao depended on the acceptance of educated Chinese who would write for it read it and buy it This book sets out to analyze how the managers of the Shenbao made their alien product acceptable to Chinese readers and how foreign style newspapers became alternative modes of communication acknowledged as a powerful part of the Chinese public sphere within a few years In short it describes how the foreign Shenbao became a newspaper for China

The Case of Opposition Stated, Between the Craftsman and the People William Arnall, 2003 Simon Varey's edition of William Arnall's Case of Opposition Stated 1732 stands to enrich the ongoing discussion of politics and propaganda in the British paper wars of the 1720s and 1730s The pamphlet funded by Sir Robert Walpole's administration attempted to undermine the credibility of the opposition spearheaded by Viscount Bolingbroke and William Pulteney Arnall's point by point rebuttal of a recent number of Bolingbroke and Pulteney's newspaper the Craftsman had a particular urgency about it the Craftsman's printer had recently been convicted for seditious libel and the Craftsman was reveling in the publicity selling more copies as it intensified its attacks on Walpole and George II Arnall's blistering polemic constituted the administration's most forceful attempt to turn the debate against the opposition The edition includes a scholarly introduction and notes as well as transcriptions of several numbers of the Craftsman and sections of Dr Varey's previously unpublished manuscript on the Craftsman The late Dr Varey published widely on eighteenth century subjects

employment and evaluation practices reflect the law **Touches of History** ,2011-05-10 Touches of History represents a groundbreaking attempt to return to a study of May Fourth that is solidly grounded in historical fact Favours smaller stories over grand narratives concentrating on unknown marginal materials rather than familiar key documents and highlighting May Fourth's indebtedness to the cultural debates of the preceding late Qing period Chen Pingyuan reconstructs part of the actual historical scenery demonstrating the great variety of ideas expressed during those tumultuous decades

The Editor; the Journal of Information for Literary Workers ,1909 *Writing of Today* John William Cunliffe, Gerhard Richard Lomer,1920 **Fourth Estate** ,1920 **Knowledge Management:** Awad,2003 Knowledge Management is a subset of content taught in the Decision Support Systems course Knowledge Management is about knowledge and how to capture it transfer it share it and how to manage it The authors take students through a process oriented examination of the topic striking a balance between the behavioral and technical aspects of knowledge management and use it **The Declaration in Script and Print** John Bidwell,2024-07-04 Perhaps the single most important founding document of the United States of America the Declaration of Independence became both a work of art and a mass market commodity during the nineteenth century In this book graphic arts historian John Bidwell traces the fascinating history of Declaration prints and broadsides and reveals the American public's changing attitudes toward this iconic text The new and improved intaglio letterpress and lithographic printing technologies of the nineteenth century led to increasingly elaborate reproductions of the Declaration Some were touted as precious relics others were aimed at the bottom of the market Rival publishers claimed to have produced the definitive visualization of the document attacking the character and patriotism of other firms even as they promoted their own artistic abilities and attention to detail Meanwhile painter John Trumbull attempted to sell subscriptions for an engraved version of his Declaration painting and John Quincy Adams then secretary of state commissioned an official 1823 edition in response to the feuding facsimilists seeking government patronage Bidwell unravels the intricate web of rivalries surrounding these competing publications Featuring a comprehensive checklist of nearly two hundred prints and broadsides drawn from various collections this engrossing history highlights the proliferation and widespread influence of the Declaration of Independence on American popular culture It will be equally esteemed by general readers interested in American history print and autograph collectors and art and book historians Architectural Record ,1892 *The Editor* ,1909 **If Babel Had a Form** Tze-Yin Teo,2022-04-05 The likeness of form between Chinese and English sentences writes the American Sinologist Ernest Fenollosa around 1906 renders translation from one to the other exceptionally easy If Babel Had a Form asks not if his claim may be true but what its phantasmic surprise may yet do In twentieth century intersections of China and Asia with the United States translations did more than communicate meaning across politicized and racializing differences of language and nation Transpacific translation breached the regulative protocols that created those very differences of human value and cultural meaning The result Tze Yin Teo argues saw translators cleaving to the sounds and

shapes of poetry to imagine a translingual likeness of form but not of meaning or kind At stake in this form without meaning is a startling new task of equivalence As a concept equivalence has been rejected for its colonizing epistemology of value naming a broken promise of translation and false premise of comparison Yet the writers studied in this book veered from those ways of knowing to theorize a poetic equivalence negating the colonial foundations of the concept they ignited aporias of meaning into flashpoints for a radical literary translation The book's transpacific readings glean those forms of equivalence from the writing of Fenollosa the vernacular experiments of Boxer Scholar Hu Shi the trilingual musings of Shanghai born Los Angeles novelist Eileen Chang the minor work of the Bay Area Korean American transmedial artist Theresa Cha and a post Tiananmen elegy by the exiled dissident Yang Lian The conclusion returns to the deconstructive genealogy of recent debates on translation and untranslatability displacing the axiom of radical alterity for a no less radical equivalence that remains pace Fenollosa far from easy or exceptional Ultimately If Babel Had a Form illuminates the demanding force of even the slightest sameness entangled in the translator's work of remaking our differences
