

On Saturday, Jayden started searching the internet. He looked for safe sites with good information, like zoos. He discovered red foxes run up to 30 miles per hour and can hear a mouse squeak from up to 100 feet away. However, he also learned foxes get preyed on by lots of other animals like wolves, bears, and cougars. Jayden wanted the animal he picked to be higher up in the food chain.

Jayden wondered about picking a cougar. He learned only humans hunt adult cougars. He read cougars run up to 40 miles per hour in a sprint. Jayden thought it might be awesome leap 18-feet like a cougar. He also discovered cougars spend a lot of time living alone. Jayden wanted the animal he picked to live with a family.

Next, Jayden researched the dolphin. He discovered that dolphin families live together in groups called pods. He read about how smart dolphins are and how they talk using clicks and squeaks. He thought it might be fun to race through the water at 18 miles per hour like a dolphin. He also learned about the things that pollute the seas the dolphins swim in. Jayden wanted the animal he picked to have a clean place to live. This assignment was turning out to be a lot harder than Jayden imagined.

On Sunday, Jayden returned to his search. He thought about being a koala until he found out they only eat leaves. He thought about being a giraffe until he found out they can grow 18-feet tall. Jayden did not like being in high places. He thought about being a bull until he read about bullfights. Jayden began to worry he would not have a paper to hand in on Tuesday.

Supportive Pedagogies in Sub-Saharan Africa Elizabeth J. Erling,John Clegg,Casmir M. Rubagumya,Colin Reilly,2021-07-01 This edited collection provides unprecedented insight into the emerging field of multilingual education in Sub-Saharan Africa SSA Multilingual education is claimed to have many benefits amongst which are that it can improve both content and language learning especially for learners who may have low ability in the medium of instruction and are consequently struggling to learn The book represents a range of Sub-Saharan school contexts and describes how multilingual strategies have been developed and implemented within them to support the learning of content and language It looks at multilingual

learning from several points of view including translanguaging or the use of multiple languages and especially African languages for learning and language supportive pedagogy or the implementation of a distinct pedagogy to support learners working through the medium of a second language The book puts forward strategies for creating materials classroom environments and teacher education programmes which support the use of all of a student s languages to improve language and content learning The contexts which the book describes are challenging including low school resourcing poverty and low literacy in the home and school policy which militates against the use of African languages in school The volume also draws on multilingual education approaches which have been successfully carried out in higher resource countries and lend themselves to being adapted for use in SSA It shows how multilingual learning can bring about transformation in education and provides inspiration for how these strategies might spread and be further developed to improve learning in schools in SSA and beyond Chapter 3 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com>
