A Rhetoric of the Unreal Christine Brooke-Rose, 1981-10-15 This 1981 book is a study of wide range of fiction from short stories to tales of horror from fairy tales and romances to science fiction to which the rather loose term fantastic has been applied Cutting across this wide field Professor Brooke Rose examines in a clear and precise way the essential differences between these types of narrative against the background of realistic fiction In doing so she employs many of the methods of modern literary theory from Russian formalism to structuralism while at the same time bringing to these approaches a sharp critical intuition and sound common sense of her own The range of texts considered is broad from Poe and James to Tolkien from Flann O'Brien to the American postmodernism This book should prove a source of stimulation to all teachers and students of modern literary theory and genre as well as those interested in fantastic literature

Pink Triangle Legacies W. Jake Newsome, 2022-09-15 *Pink Triangle Legacies* traces the transformation of the pink triangle from a Nazi concentration camp badge and emblem of discrimination into a widespread recognizable symbol of queer activism pride and community W. Jake Newsome provides an overview of the Nazis targeted violence against LGBTQ people and details queer survivors' fraught and ongoing fight for the acknowledgement compensation and memorialization of LGBTQ victims Within this context a new generation of queer activists has used the pink triangle a reminder of Germany's fascist past as the visual marker of gay liberation seeking to end queer people's status as second class citizens by asserting their

right to express their identity openly The reclamation of the pink triangle occurred first in West Germany but soon activists in the United States adopted this chapter from German history as their own As gay activists on opposite sides of the Atlantic grafted pink triangle memories onto new contexts they connected two national communities and helped form the basis of a shared gay history indeed a new gay identity that transcended national borders Pink Triangle Legacies illustrates the dangerous consequences of historical silencing and how the incorporation of hidden histories into the mainstream understanding of the past can contribute to a more inclusive experience of belonging in the present There can be no justice without acknowledging and remembering injustice As Newsome demonstrates if a marginalized community seeks a history that liberates them from the confines of silence they must often write it themselves [The World Almanac and Book of Facts 2023](#) Sarah Janssen,2022-12-13 1 New York Times Bestseller Get thousands of facts at your fingertips with this essential resource sports pop culture science and technology U S history and government world geography business and so much more The World Almanac is America s bestselling reference book of all time with more than 83 million copies sold For more than 150 years this compendium of information has been the authoritative source for school library business and home The 2023 edition of The World Almanac reviews the biggest events of 2022 and will be your go to source for questions on any topic in the upcoming year Praised as a treasure trove of political economic scientific and educational statistics and information by The Wall Street Journal The World Almanac and Book of Facts will answer all of your trivia needs effortlessly Features include Special Feature Coronavirus Status Report A special section provides up to the minute information about the world s largest public health crisis in at least a century Statistical data and graphics across dozens of chapters show how the pandemic continues to affect the economy work family life education and culture 2022 Election Results The World Almanac provides a comprehensive look at the entire 2022 election process including Election Day results for House Senate and gubernatorial races 2022 Top 10 News Topics The editors of The World Almanac list the top stories that held the world s attention in 2022 from the death of Queen Elizabeth to the invasion of Ukraine 2022 Year in Sports Hundreds of pages of trivia and statistics that are essential for any sports fan featuring complete coverage of the Winter Olympic Games in Beijing and the 2022 World Series World Almanac Editors Picks Most Memorable Rivalry Match ups Looking back from Coach K s final Duke UNC face off in 2022 The World Almanac editors created a list of all time favorite rivalry games across sports history 2022 Year in Pictures Striking full color images from around the world in 2022 covering news entertainment science and sports 2022 Offbeat News Stories The World Almanac editors found some of the strangest news stories of the year World Almanac Editors Picks Time Capsule The World Almanac lists the items that most came to symbolize the year 2022 The World at a Glance This annual feature of The World Almanac provides a quick look at the surprising stats and curious facts that define the changing world *Transcultural Writers and Novels in the Age of Global Mobility* Arianna Dagnino,2015 In *Transcultural Writers and Novels in the Age of Global Mobility* Arianna Dagnino analyzes a new type of literature emerging
