Asian Vegetables Stéphanie Wang, Caroline Wang, Patricia Ho-Yi Wang, 2023-10-03 While bok choy is now a staple on Western grocery store shelves, other Asian vegetables remain unknown even though they're delicious, nutritious and easy to grow in northern climates. Caroline Stéphanie and Patricia Wang, three sisters of Cantonese descent, have made it their mission to introduce gardeners, cooks and vegetable lovers of all flavours to wider sources of sustenance. Organized around fifteen Asian vegetables that are presented according to the rhythm of the seasons, this lush, full-colour book offers advice on growing and harvesting organic crops intended for both weekend and commercial gardeners, along with a host of ideas to preserve and prepare them, including over forty recipes, some of which have been developed by renowned chefs. The Wang sisters complement the book's practical advice by offering thoughts on Asian vegetables from a cultural point of view and sharing the importance of these foods within their own family members, of whom left China to immigrate to Madagascar before settling in Canada. *Asian Vegetables* is a generous and gorgeous tribute to good food, to the land and the importance of strong roots.
