The Classical Animated Documentary and Its Contemporary Evolution Cristina Formenti,2022-03-24 The Classical Animated Documentary and Its Contemporary Evolution is the first book to provide an historical insight into the animated documentary Drawing on archival research and textual analysis it shows how this form usually believed to be strictly contemporaneous instead took shape in the 1940s Cristina Formenti integrates a theoretical and a historical approach in order to shed new light on the animated documentary as a form as well as on the work of renowned studios such as The Walt Disney Studios Halas Batchelor National Film Board of Canada and never before addressed ones such as Corona Cinematografica She also highlights the differences and the similarities existing among the animated documentaries created between the 1940s and the mid 1980s and those produced today so as to demonstrate how the latter do not represent a complete otherness in respect to the former but rather an evolution

Integrating Young Adult Literature through the Common Core Standards Rachel L. Wadham,Jon W. Ostenson,2013-01-07 This book advocates for a stronger role for young adult literature in ELA classrooms compellingly documenting how this body of work meets both the needs of adolescent students and the demands of the common core for complex texts and tasks Integrating Young Adult Literature through the Common Core Standards provides a compelling template for teachers that uses young adult literature and inquiry learning to meet students needs and the demands of the common core standards The first part of the book addresses the widely adopted common core

state standards by examining closely the standards model of text complexity and demonstrating how young adult literature can fill the requirements of this model The second part provides theoretical discussions and analysis of the standards as well as concrete applications of young adult literature within the classroom in order to give school professionals a comprehensive understanding of how young adult literature and the standards can work together The book empowers schools and teachers to make intelligent informed decisions about texts and instructional practices that benefit their students Finally the authors explore a powerful teaching approach that integrates current understandings about learning young adult literature and the common core standards in a way that will facilitate greater learning and understanding in English classrooms Portable Video Norman Medoff,Edward Fink,2012-09-10 Portable Video ENG and EFP Fifth Edition focuses on the techniques and technology of single camera electronic news gathering and electronic field production Covering everything from basic creative and technical editing techniques to budgets and copyright issues it is accessible to the home videomaker or amateur and to the professional seeking information on the newest advances in technique and equipment It includes special focus on TV news production and field production and is suitable for complete beginners Seeing Politics Sophie Harman,2019-07-04 Visual politics and the aesthetic turn in international relations have emphasized the power of the image in world politics Postcolonial and decolonial feminist theory shows the urgent need to rethink research and teaching methods What happens when these concepts converge and such thinking is translated into practice Engaging with a broad range of topics the politics of everyday life health HIV AIDS Africa post colonialism gender feminist theory visibility film and method in Seeing Politics Sophie Harman looks at scholars who are pushing the boundaries of how they do research how they communicate their research to a broader audience and what counts as scholarship in world politics Through a detailed exploration of the political process of film production from inception and co production to distribution and exhibition she addresses the tricky transnational relationships government gatekeeping and global hierarchies of film governance that control and marginalize the stories and people we see Fundamentally Seeing Politics is about how narrative feature film challenges and advances the discipline of international relations revealing aspects of politics that would otherwise remain unseen and unaddressed Film is not just a way of communicating research It is a method that produces research and visibility advancing research practice and knowledge in international relations Innovative and compelling this book is about the politics of seeing being seen and what stops us from seeing And Action! Kathy Swan,Mark Hofer,2013-11-12 And Action Directing Documentaries in the Social Studies Classroom provides social studies educators with the background knowledge conceptual understanding and tools necessary to design and facilitate classroom documentary projects in the K 12 social studies classroom The authors have spent more than ten years in classrooms working collaboratively with teachers to design and research classroom documentary projects Recognizing the challenges of this kind of work the authors partnered with filmmakers historians educational technologists and classroom teachers with experience in leading documentary

projects to refine a production process that more closely mirrors the work of filmmakers With this book the authors draw on all of these experiences to assist social studies educators to efficiently and effectively structure and assess documentary projects Educators will learn ways to transition student learning away from digital encyclopedia entries toward a more authentic documentary approach that focuses on disciplined inquiry and the use of evidenced based arguments *HTML5* Matthew David, 2013-04-26 Implement the powerful multimedia and interactive capabilities offered by HTML5 including style control tools illustration tools video audio and rich media solutions Understand how HTML5 is changing the web development game with this project based book that shows you not just tells you what HTML5 can do for your websites Reinforce your practical understanding of the new standard with demo applications and tutorials so that execution is one short step away HTML5 is the future of the web Literally every web designer and developer needs to know how to use this language to create the types of web sites consumers now expect This new edition of the bestseller teaches you to enhance your web designs with rich media solutions and interactivity using detailed descriptions and hands on projects for every step along the way The second edition contains completely updated information including more on mobility and video standards plus new projects The companion website visualizetheweb.com is packed full of extra information online code libraries and a user forum offering even more opportunity to learn new skills practice your coding and interact with other users
