Historical Records of the Five Dynasties Xiu

Ouyang,2004-03-03 Only fragments of historical text from China's middle period have been translated into English until now. Here at last is the first major Chinese historical work from the Song dynasty. Written by Ouyang Xiu, an intellectual giant of the eleventh century, this is a history of the preceding century 907-979, a period known as the Five Dynasties. The historical and literary significance of Ouyang's achievement cannot be underestimated. In rewriting the existing official history of the Five Dynasties, Ouyang, whose own time was characterized by extraordinary intellectual and political innovation, made several notable decisions. He rewrote the history in the ancient style preferred by forward-thinking literati; he even rewrote the original documents quoted within biographies. He also relied on his own moral categories, reevaluating the worth of the historical figures in light of his own convictions that individuals should take personal responsibility for the fate of society. Ouyang's history would eventually become the official version, the last state-sanctioned dynastic history of imperial China to be written by an individual in a private capacity. In addition to its provocative insights and lucid presentation, *Historical Records of the Five Dynasties* is an eloquent statement on the art of historical writing in the eleventh century. A preeminent scholar of Chinese history, Richard L. Davis, has provided a thorough introduction and rendered nearly two thirds of the Chinese original into English, including complete sections critical to understanding the politics and personalities of the time. Biographical clusters based on Ouyang's moral categories also appear in full, helping readers to appreciate the Confucian agenda that informs the work.

Heaven's Door Cassandra Morphy,2021-06-01 Maya San Lucas had been lost in her dreamworld for the better part of five years. Desparia was just a fantasy world for her to explore during stretches of boredom at school and at home. Going to that world let her have adventures exploring secret locations and searching through towns and cities for loot to come away with. The life of a thief was so much more exciting than high school, especially with no friends to speak of. After escaping the hell of Hell, Maya and her friends had returned to the depths of the emperor's stronghold. Some were emboldened by what they had seen, more determined than ever to see the emperor deposed. But Maya had brought her own demons with her on her return to Desparia. As her demons stalked her, Maya's newfound magic grows stronger, making her more dependent than ever on her friends by her side. And with more doors behind them than in front of them, the group pushed on to their destination, even as they experience some of their worse losses. Yet Jared didn't understand what was happening to him. He was too young to know the power seated deep within him, destroying whole towns around him. But when he meets Celestia and her fae people, he learns that he is a mage and starts to come to terms with what that meant. As he sets out on his journey to rid the world of evil, he starts seeing his own magic as part of the problem. One that he was determined to rid the world of. The only problem was how to do that without hunting down and killing every mage that ever lived.
