To the Tashkent Station Rebecca Manley, 2012-12-04 In summer and fall 1941 as German armies advanced with shocking speed across the Soviet Union the Soviet leadership embarked on a desperate attempt to safeguard the country's industrial and human resources Their success helped determine the outcome of the war in Europe *To the Tashkent Station* brilliantly reconstructs the evacuation of over sixteen million Soviet civilians in one of the most dramatic episodes of World War II Rebecca Manley paints a vivid picture of this epic wartime saga the chaos that erupted in towns large and small as German troops approached the overcrowded trains that trundled eastward and the desperate search for sustenance and shelter in Tashkent one of the most sought after sites of refuge in the rear Her story ends in the shadow of victory as evacuees journeyed back to their ruined cities and broken homes Based on previously unexploited archival collections in Russia Ukraine and Uzbekistan *To the Tashkent Station* offers a novel look at a war that transformed the lives of several generations of Soviet citizens The evacuation touched men women and children from all walks of life writers as well as workers scientists along with government officials party bosses and peasants Manley weaves their harrowing stories into a probing analysis of how the Soviet Union responded to and was transformed by World War II Over the course of the war the Soviet state was challenged as never before Popular loyalties were tested social hierarchies were recast and the multiethnic fabric of the country was subjected to new strains Even as the evacuation saved countless Soviet Jews from almost certain death it spawned a new and virulent wave of anti-Semitism This magisterial work is the first in depth study of this crucial but neglected episode in the history of twentieth century population displacement World War II and the Soviet Union

Central Asia in World War Two Vicky Davis, 2023-12-14 Central Asia has long been situated at the geographical crossroads of East and West once strategically located on the ancient Silk Road The envy of the expanding Russian empire it was colonized in the 19th century by Cossacks and traders from the north This book examines how Central Asia by then part of the Soviet Union experienced population displacements on an even greater scale during the Second World War Vicky Davis analyses how troops were sent westwards into action only for waves of civilians to travel eastwards into the region evacuees refugees and even internal deportees sent into exile from their homelands in other parts of the vast Soviet Union Central Asia in World War Two is the first book to tackle the subject of minorities fighting for the Soviet Union under Stalin in the Second World War Based on meticulous archival research it considers the interactions of the individual citizen and the Soviet state weaving together the experiences of over three hundred ordinary men and women in Central Asia as they coped with their new roles on the front line or in the rear Suffering incredible economic and physical hardship racism and religious oppression these mainly Muslim citizens were subjected to a forced process of Sovietization under the influence of Stalin's ubiquitous propaganda machine Davis reveals how while conscripts were all too often slaughtered or scapegoated in their regiments the women and children left at home slaved in factories and communal farms to fuel the machinery of a war taking place thousands of kilometres away She convincingly argues that the impact of forced assimilation cultural indoctrination anti-Semitism and re-education on the region were as great as the daily fight for survival in wartime The legacy of the period is almost as complex with struggles over the ownership and revision of history continuing even today [Jews in the Soviet Union: A History](#) Oleg Budnitskii, David Engel, Gennady Estraiikh, Anna Shternshis, 2022-12-20 Provides a comprehensive history of Soviet Jewry during World War II At the beginning of the twentieth century more Jews lived in the Russian Empire than anywhere else in the world After the Holocaust the USSR remained one of the world's three key centers of Jewish population along with the United States and Israel While a great deal is known about the history and experiences of the Jewish people in the US and in Israel in the twentieth century much less is known about the experiences of Soviet Jews Understanding the history of Jewish communities under Soviet rule is essential to comprehending the dynamics of Jewish history in the modern world Only a small number of scholars and the last generation of Soviet Jews who lived during this period hold a deep knowledge of this history Jews in the Soviet Union a new multi-volume history is an unprecedented undertaking Publishing over the next few years this groundbreaking work draws on rare access to documents from the Soviet archives allowing for the presentation of a sweeping history of Jewish life in the Soviet Union from 1917 through the early 1990s Volume 3 explores how the Soviet Union's changing relations with Nazi Germany between the signing of a

nonaggression pact in August 1939 and the Soviet victory over German forces in World War II affected the lives of some five million Jews who lived under Soviet rule at the beginning of that period. Nearly three million of those Jews perished; those who remained constituted a drastically diminished group which represented a truncated but still numerically significant postwar Soviet Jewish community. Most of the Jews who lived in the USSR in 1939 experienced the war in one or more of three different environments: under German occupation in the Red Army or as evacuees to the Soviet interior. The authors describe the evolving conditions for Jews in each area and the ways in which they endeavored to cope with and to make sense of their situation. They also explore the relations between Jews and their non-Jewish neighbors, the role of the Soviet state in shaping how Jews understood and responded to their changing life conditions, and the ways in which different social groups within the Soviet Jewish population—residents of the newly annexed territories, the urban elite, small-town Jews, older generations with pre-Soviet memories, and younger people brought up entirely under Soviet rule—behaved. This book is a vital resource for understanding an oft-overlooked history of a major Jewish community.

Joint Publications Research Service, 1961. *Russian Review*, 1925. *Soviet Union Review*, 1925. *Stalin's Gulag at War* Wilson T. Bell, 2019-01-01. Stalin's Gulag at War places the Gulag within the story of the regional wartime mobilization of Western Siberia during the Second World War. Far from Moscow, Western Siberia was a key area for evacuated factories and for production in support of the war effort. Wilson T. Bell explores a diverse array of issues, including mass death, informal practices such as black markets, and the responses of prisoners and personnel to the war. The region's camps were never prioritized and faced a constant struggle to mobilize for the war. Prisoners in these camps, however engaged in such activities as sewing Red Army uniforms, manufacturing artillery shells, and constructing and working in major defense factories, The myriad responses of prisoners and personnel to the war reveal the Gulag as a complex system, but one that was closely tied to the local, regional, and national war effort to the point where prisoners and non-prisoners frequently interacted. At non-priority camps, moreover, the area's many forced labour camps and colonies saw catastrophic death rates, often far exceeding official Gulag averages. Ultimately, prisoners played a tangible role in Soviet victory, but the cost was incredibly high, both in terms of the health and lives of the prisoners themselves and in terms of Stalin's commitment to total, often violent mobilization to achieve the goals of the Soviet state.

The City as Power Alexander C. Diener, Joshua Hagen, 2018-09-18. This interdisciplinary book considers national identity through the lens of urban spaces. By bringing together scholars from a range of disciplines, *The City as Power* provides broad comparative perspectives about the critical importance of urban landscapes as forums for creating, maintaining, and contesting identity and belonging. Rather than serving as passive backdrops, urban spaces and places are active mediums for defining categories of inclusion and exclusion. With an international scope and ready appeal to visual learners, the book offers a compelling survey of historical and contemporary

efforts to enact state ideals express counter narratives and negotiate global trends in cities The contributors show how successive regimes reshape cityscapes to mirror their respective socio political agendas perspectives on history and assumptions of power Yet they must do so within the legal ethnic religious social economic and cultural geographies inherited from previous regimes Exploring the rich diversity of urban space place and national identity the book compares core elements of identity projects in a range of political cultural and socioeconomic settings By focusing on the built form and urban settings for social movements protest and even organized violence this timely book demonstrates that cities are not simply lived in but also lived through

Evacuee Encounters on the Soviet Home Front During the Second World War Natalie Belsky,2023-12-19 This study is the first to examine the experiences of the millions of Soviet civilians evacuated to the interior of the country during the Second World War in the context of their encounters and relations with local communities and populations across Soviet Central Asia Kazakhstan Siberia and the Urals The book considers the impact of this episode of massive population displacement across Eurasia on individuals communities and society more broadly It explores how the challenges associated with wartime displacement gave rise to tensions between evacuees and local residents These frictions in turn forced individuals to interrogate the meaning terms and limitations of citizenship and belonging in the Soviet Union Evacuation thus played a critical role in the changing relationship between citizens and the Soviet state in the war and postwar periods Furthermore this study pays particular attention to the plight of Soviet Jewish evacuees who constitute the largest contingent of Holocaust survivors in Europe and the rise of anti-Semitism on the Soviet home front during the war This volume will be of interest to students and scholars of the Second World War migration and displacement the Holocaust Soviet Jewish history and the Soviet experience more broadly

Earthquakes in the U.S.S.R. Sovet po seismologii (Akademii nauk SSSR),1962 **Trail of Hope** Norman Davies,2016-02-25 Following the conquest of Poland by Nazi Germany and the Soviet Union in 1939 hundreds of thousands of Polish families were torn from their homes and sent eastwards to the arctic wastes of Siberia Prisoners of war refugees those regarded as social criminals by Stalin's regime and those rounded up by sheer chance were all sent to see the Great White Bear However with Hitler's invasion of the Soviet Union in Operation Barbarossa just two years later Russia and the Allied powers found themselves on the same side once more Turning to those that it had previously deemed undesirable Russia sought to raise a Polish army from the men women and children that it had imprisoned within its labour camps In this remarkable work renowned historian Professor Norman Davies draws from years of meticulous research to recount the compelling story of this unit the Polish II Corps or Anders Army and their exceptional journey from the Gulag of Siberia through Iran the Middle East and North Africa to the battlefields of Italy to fight shoulder to shoulder with Allied forces Complete with previously unpublished photographs and first hand accounts from the men and women who lived through it this is a unique visual and written record of one of the most fascinating episodes of World War II
