Tongue In Cheek English Edition:

Translation, Pornography, Performativity Douglas Robinson, Xiaorui Sun, 2025-04-11 Robinson and Sun's book goes in search of the neglected metaphors of translation in pornography using poststructuralist rethinkings and reframings of porn and masturbation from Jacques Derrida to Judith Butler In his 1684 *Essay on Translated Verse* the Earl of Roscommon attacked want of decency in translation metaphorically by comparing it to picking up prostitutes in the park raking the park for stews instead of hanging out with troops of faultless nymphs Sex work and the graphic representation of sex work that Nathaniel Butler was the first to call pornography in print in 1638 is used as a metaphor for non normative translation which in Robinson and Sun's hands becomes experimental translation En route to that goal the authors take us through Butler on performativity and resistance Derrida on supplementarity and iterability and Haun Saussy's innovative application of Derridean citationality to the use of a target cultural sponsor or bondsman for translation They take detours through Charles Baudelaire's *Une charogne* and J G Ballard's *The Drowned Giant* They deal with the performativity of pornography and translato-graphy in Part I the unnatural iterability of masturbation and translation in Part II and experimental translation in Part III The theory littered path this book takes through the metaphors of translation will be of interest to scholars and students of translation studies especially experimental translation and translation theory but also media scholars interested in the philosophical complexities of performativity

Translation in a Postcolonial Context Maria Tymoczko, 2016-04-08 This ground breaking analysis of the cultural trajectory of England's first colony constitutes a major contribution to postcolonial studies offering a template relevant to most cultures emerging from colonialism At the same time these Irish case studies become the means of interrogating contemporary theories of translation Moving authoritatively between literary theory and linguistics philosophy and cultural studies anthropology and systems theory the author provides a model for a much needed integrated approach to translation theory and practice In the process the work of a number of important literary translators is scrutinized including such eminent and disparate figures as Standish O Grady Augusta Gregory and Thomas Kinsella The interdependence of the Irish translation movement and the work of the great 20th century writers of Ireland including Yeats and Joyce becomes clear expressed for example in the symbiotic relationship that marks their approach to Irish formalism Translation in a Postcolonial Context is essential reading for anyone interested in translation theory and practice postcolonial studies and Irish literature during the 19th and 20th centuries
