Richard Allsopp, Jeannette Allsopp

Too Fast Too Fast Series English Edition:

It Was Too Soon Before Dirk Vanden, 2012 *It Was Too Soon Before* is the autobiography of Richard Fullmer who wrote under the penname Dirk Vanden. He was a serious novelist in the early days of the development of the gay literary genre. His first books were published augmented with sex scenes inserted by the publisher as porn pulps. This autobiography tells the story of his life from his upbringing as a devout Mormon to his discovery of sexual realities to his move to the gay meccas of San Francisco and Los Angeles in the 1960s and discovery of the thriving gay counterculture with all its sexual and psychedelic dimensions through the death by AIDS of his longtime partner to retirement and obscurity to a rebirth as his books have been rediscovered by modern gay literary scholars. The book features an introduction by gay spirituality expert Toby Johnson and includes *The Wit Wisdom of Gabriel Horny*, a collection of humor and wisdom in short aphorisms that express the spiritual wisdom Fullmer has garnered through his 78 years.

Too Soon Old-Too Late Smart Alana L Lilly, 2006-08 After repeating the same mistakes over and over again, author Alana L Lilly often thinks, "What's wrong with me and when am I going to learn?" Through one horrible relationship after another, Lilly swore to never make bad decisions again. But like many women, she still kept moving from one dysfunctional relationship to the next. Then something miraculous happened. Has God ever spoken to you? Literally reached out and grabbed your attention. People don't believe that this happens today and at first neither did Lilly. Like a small drip from a faucet that will not let up with the constant drip, drip, drip that threatens to drive you nuts, she tried to ignore the persistent thought that God wanted her to write a book. But it didn't work. With His help and guidance from the Holy Spirit, Lilly eventually trusts in the Lord's imploration to lend her story to those who might share in its message. All females face adversities, hardships, and trials. Life is hard, but turning your back on friends, family, and the ones you love is never the answer. So find a comfortable place to sit and relax and let Lilly tell you her inspirational story.

American Series, 1892 **WHY COPS DIE (And How to Prevent It)** Gerald W. Garner, 2017-10-30 This book provides time and experience-proven advice for responding safely and effectively to threats to a law enforcement officer's safety. It relies on law enforcement's bloody history to reveal what has gone wrong for a very long time and how to fix it so that no more cops die needlessly. This book identifies the cop killers and the fatal errors that cops make and it explores how these incidents happen and why. Most important of all, the book goes into detail about how to prevent these terminal errors and furnishes to the point advice for avoiding them. These tactics and techniques work. It offers the same common sense advice that solid patrol sergeants have been sharing with their briefing room charges for a long while. It has been assembled by a police chief who spent 15 years as a sergeant. **WHY COPS DIE** can be used in a lot of ways, all of them useful for drastically reducing the number of officers who die on the job every year. It should be issued to every law enforcement academy recruit. It is aimed across the spectrum of the law enforcement organization from the rookie to the first line supervisor to the command staff. Chiefs and sheriffs will find it of value as will those directly responsible for the training of

law enforcement officers By applying practical potentially lifesaving advice to their daily duties law enforcement's first line practitioners can sharply reduce the number of peacekeepers who die or are maimed in the future That effort begins here

Eliminativism, Objects, and Persons Jiri Benovsky, 2018-09-03 In *Eliminativism Objects and Persons* Jiri Benovsky defends the view that he doesn't exist In this book he also defends the view that this book itself doesn't exist But this did not prevent him to write the book and although in Benovsky's view you don't exist either this does not prevent you to read it Benovsky defends a brand of non-exceptionalist eliminativism Some eliminativists typically focusing on ordinary material objects such as chairs and hammers make exceptions for instance for blue whales that is living beings or for persons that is conscious organisms Benovsky takes one by one all types of allegedly existing objects like chairs whales and persons and shows that from the metaphysical point of view they are more trouble than they are worth we are much better off without them He thus defends an eliminativist view about ordinary objects as well as the no-Self view where he explores connections between metaphysics phenomenology and Buddhist thought He then also considers the case of aesthetic objects focusing on musical works and photographs and shows that the claim of their non-existence solves the many problems that arise when one tries to find an appropriate ontological category for them and that such an eliminativist view is more natural than what we might have thought The arguments provided here are always topic-specific each type of entity is given its own type of treatment thus proving a varied and solid foundation for a generalized non-exceptionalist full-blown eliminativist worldview
