Critical Perspectives on Contemporary Plays by Women Penny Farfan, Lesley Ferris, 2021-07-22

This book foregrounds some of the ways in which women playwrights from across a range of contexts and working in a variety of forms and styles are illuminating the contemporary world while also contributing to its reshaping as they reflect, rethink and reimagine it through their work for the stage. The book is framed by a substantial introduction that sets forth the critical vision and structure of the book as a whole and an afterword that points toward emerging currents in and expansions of the contemporary field of playwriting by women on the cusp of the third decade of the twenty-first century. Within this frame, the twenty-eight chapters that form the main body of the book, each focusing on a single play of critical significance, together constitute a multi-faceted, inevitably partial yet nonetheless integral picture of the work of women playwrights since 2000 as they engage with some of the most pressing issues of our time. Some of these issues include the continuing oppression of and violence against women, people of color, LGBTQ people and ethnic minorities; the ongoing processes of decolonization; the consequences of neoliberal capitalism; the devastation and enduring trauma of war, global migration and the refugee crisis; the turn to right-wing populism; and the impact of climate change, including environmental disaster and species extinction. The book is structured into seven sections: *Replaying the Canon*, *Representing Histories*, *Staging Lives*, *Reimagining Family*, *Navigating Communities*, *Articulating Intersections*, and *New World Orders*. These sections group clusters of plays according to the broad critical actions they perform or, in the case of the final section, the new world orders that they capture through their stagings of the seeming impasse of the politically and environmentally catastrophic global present moment. There are many other points of resonance among and across the plays, but this seven-part structure foregrounds the broader actions that drive the plays both in the Aristotelian dramaturgical sense and in the larger sense of the critical interventions that the plays creatively enact. In this way, the seven-part structure establishes correspondences across the great diversity of dramatic material represented in the book while at the same time identifying key methods of critical approach and areas of focus that align the book's contributors across this diversity. The structure of the book thus parallels what the playwrights themselves are doing but also how the contributors are approaching their work. Plays featured in the book are from Canada, Australia, South Africa, the US, the UK, France, Argentina, New Zealand, Syria, Brazil, Italy and Austria; the playwrights include Margaret Atwood, Leah Purcell, Yaël Farber, Paula Vogel, Adrienne Kennedy, Suzan-Lori Parks, Debbie Tucker Green, Lisa Loomer, Hélène Cixous, Anna Deavere Smith, Lola Arias, Lisa Kron and Jeanine Tesori, Marie Clements, Quiara Alriga, Hudes, Alia Bano, Holly Hughes, Whiti Hereaka, Julia

Cho Liwaa Yazji Grace Pass Dominique Morisseau Emma Dante Frances Ya Chu Cowhig Lynn Nottage Elfriede Jelinek Caryl Churchill Colleen Murphy and Lucy Kirkwood Encompassing several generations of playwrights and scholars ranging from the most senior to mid career to emerging voices the book will be essential reading for established researchers a valuable learning resource for students at all levels and a useful and accessible guide for theatre practitioners and interested theatre goers

Churchill Plays: 1 Caryl Churchill, 2013-12-10 In *Traps* a set of characters meet themselves and their pasts to create plenty of sinewy lines and joyous juxtapositions *Plays and Players* *Vinegar Tom* is set in the world of seventeenth century witchcraft but it speaks through its striking images and its plethora of ironic contradictions of and to this century *Tribune Light Shining in Buckinghamshire* is set during the Civil War and unflinchingly shows the intolerance that was the obverse side of the demand for common justice Deftly it sketches in the kind of social conditions that led to hunger for revolution The play has an austere eloquence that precisely matches its subject *The Guardian* *Cloud Nine* sheds light on some of the British Empire's repressed dark side and is a marvelous play sometimes scurrilous always observed with wicked accuracy and ultimately surprisingly rather moving It plunges straight to the heart of the endless convolutions of sexual mores and does so with acrobatic wit *Guardian Owners* I was in an old woman's flat when a young man offering her money to move came round that was one of the starting points of the play Caryl Churchill The plays in this volume represent the best of Churchill's writing up to and including her emergence onto the international theatre scene with *Cloud Nine*

One of the masterpieces of British political history The New York Times boasts unprecedented access to Thatcher colleagues friends family and all her government and private papers and offers a groundbreaking and essential portrait of a titanic figure with all her capabilities and flaw during the years of her greatest power In June 1983 Margaret Thatcher won the biggest increase in a government s parliamentary majority in British electoral history and proceeded to transform relations with Europe prioritize British industry and reinvigorate the economy For the only time since Churchill Britain had a central place in dealings between the superpowers But even at her zenith Thatcher was beset by difficulties She regularly faced calls for resignation grew isolated in her own government butted heads with the Queen bullied her senior colleagues and was deceived by her closest ally Ronald Reagan during the U S invasion of Grenada Thatcher storms from these pages as from no other book *Margaret Thatcher* Charles Moore,2015-10-06 In June 1983 Margaret Thatcher won the biggest increase in a government s Parliamentary majority in British electoral history Over the next four years as Charles Moore relates in this central volume of his uniquely authoritative biography Britain s first

woman prime minister changed the course of her country's history and that of the world often by sheer force of will The book reveals as never before how she faced down the Miners Strike transformed relations with Europe privatized the commanding heights of British industry and continued the reinvigoration of the British economy It describes her role on the world stage with dramatic immediacy identifying Mikhail Gorbachev as a man to do business with before he became leader of the Soviet Union and then persistently pushing him and Ronald Reagan her great ideological soulmate to order world affairs according to her vision For the only time since Churchill she ensured that Britain had a central place in dealings between the superpowers But even at her zenith she was beset by difficulties The beloved Reagan twice tried her during the US invasion of Grenada She lost the minister to whom she was personally closest to scandal and almost had to resign as a result of the Westland affair She found herself isolated within her own government over Europe She was at odds with the Queen over the Commonwealth and South Africa She bullied senior colleagues and she set in motion the poll tax Both these last would later return to wound her fatally In all this Charles Moore has had unprecedented access to all Mrs Thatcher's private and government papers The participants in the events described have been so frank in interview that we feel we are eavesdropping on their conversations as they pass We look over Mrs Thatcher's shoulder as she vigorously annotates documents so seeing her views on many particular issues in detail and we understand for the first time how closely she relied on a handful of trusted advisors to help shape her views and carry out her will We see her as a public performer an often anxious mother a workaholic and the first woman in western democratic history who truly came to dominate her country in her time In the early hours of 12 October 1984 during the Conservative party conference in Brighton the IRA attempted to assassinate her She carried on within hours to give her leader's speech at the conference and later went on to sign the Anglo Irish agreement One of her many left wing critics watching her that day said I don't approve of her as Prime Minister but by God she's a great tank commander This titanic figure with all her capacities and all her flaws storms from these pages as from no other book
