Drugs, the Brain, and Behavior John Brick,Carlton K. Erickson,2013-06-26 Explore the brain and discover the clinical and pharmacological issues surrounding drug abuse and dependence The authors research scientists with years of experience in alcohol and drug studies provide definitions historic discoveries about the nervous system and original eye catching illustrations to discuss the brain behavior relationship basic neuroanatomy neurophysiology and the mechanistic actions of mood altering drugs You will learn about how psychoactive drugs affect cognition behavior and emotion the brain behavior relationship the specific effects of major addictive and psychoactive drug groups new definitions and thinking about abuse and dependence the medical and forensic consequences of drugs use Drugs the Brain and Behavior uses a balance of instruction illustrations and tables and formulas that will give you a broad lasting introduction to this intriguing subject Whether you re a nurse chemical dependency counselor psychologist or clinician this book will be a quick reference guide long after the first reading **A Mind Frozen in Time** Jeremy P. Crosby,2008-06 A Mind Frozen in Time is a Post Traumatic Stress Disorder PTSD recovery guide intended for survivors of traumatic experience and their families It was developed while working with individuals who have suffered traumas related to their military service However the themes and principles apply to most types of traumatic experiences and their effects As a guide to recovery it is designed to help individuals develop a basic understanding of PTSD introduce coping skills aid in symptom management and provide information about some of the more difficult issues that need to be addressed in PTSD therapy Chapters are brief making it easier to comprehend for readers who have difficulty concentrating or retaining what they read A Mind Frozen in Time is for anyone interested in learning the core elements involved in PTSD and how to cope more effectively A Mind Frozen in Time is

a much needed comprehensive user friendly guidebook to understanding and coping with PTSD In it Dr Jeremy Crosby has masterfully broken down PTSD and related problems into easily understood concepts that patients and therapists alike will benefit from immensely Dr Crosby s years of clinical training and in the trenches clinical work are evident in the breadth and depth of the topics presented What sets this book apart from others is the unique commitment to an outline writing style wherein educational information is presented in brief sections that are readily digested The result is an invaluable presentation of sophisticated concepts written in everyday language Therapists will have at their fingertips practical treatment tools to utilize in their work More importantly patients and their families will find their questions answered and their hope restored in the pages of this guidebook Jonathan M Farrell Higgins Ph D Dr Crosby s book is a valuable tool written in a practical way that will encourage trauma survivors searching for a more peaceful existence His educational approach and challenging self reflection are the steps by which recovery is possible Gary A Fast MD The Significance Delusion Gillian Bridge,2016-09-29 We have never had it better so why aren t we happy The Significance Delusion explains why humans are so peculiarly vulnerable to mental disorders and social problems and how understanding the backstory can help you learn the real value of life Today we have everything that previous generations could ever have dreamed of So why is it that so many people continue to go through life unhappy and unfulfilled with millions more young people now facing mental health issues Does it have something to do with the way our brains have developed Could it be that humans are just essentially delusional Now a compelling and insightful new book The Significance Delusion draws upon scientific research ideas facts and real life anecdotes to explore the human obsession with meaning It takes readers on a journey through time history and the mysterious labyrinth that is the brain to explore what it really takes for us and our children to thrive and survive as individuals and as a society and even learn the meaning of life The author Gillian Bridge is a psycholinguistic consultant and expert in empowering people to get the most from their brain whatever the challenge The common link in her previous work as a teacher a lecturer an addiction therapist an executive coach and a resilience consultant has been the way brain development and the use of language affect any individual s behaviour and communication By understanding brain function and how it makes us behave the way we do Gillian s work enables all people whether they clearly need help or not to gain better control of their lives There are three interweaving strands throughout The Significance Delusion brain matters child rearing matters and self versus community matters By exploring these matters in a challenging quirky and often humorous way the book will not only help you answer some age old questions about yourself Who am I What am I How am I but also understand how to better promote the future mental and physical well being of our children for the benefit of them individually and society as a whole The Significance Delusion provides practical behavioural strategies to improve quality of life making it a fascinating and invaluable book for parents teachers people working in social care policy makers and anybody else who simply wants to understand themselves or their relationships better *Quick Fixes* Benjamin Y. Fong,2023-07-11

Drugs are ubiquitous in the past and present of capitalist society What can they tell us about our society and economy Americans are in the midst of a world historic drug binge Opiates amphetamines benzodiazepines marijuana antidepressants antipsychotics across the board consumption has shot up in the 21st century At the same time the United States is home to the largest prison system in the world justified in part by a now zombified war on drugs How did we get here Quick Fixes is a look at American society through the lens of its pharmacological crutches Though particularly acute in recent decades the contradiction between America's passionate love and intense hatred for drugs has been one of its defining characteristics for over a century Through nine chapters each devoted to the modern history of a drug or class of drugs Fong examines Americans' fraught relationship with psychoactive substances As society changes it produces different forms of stress isolation and alienation These changes in turn shape the sorts of drugs society chooses By laying out the histories functions and experiences of our chemical comforts the hope is to help answer that ever perplexing question what does it mean to be an American

Encyclopedia of Substance Abuse Prevention, Treatment, and Recovery Gary L. Fisher, Nancy A. Roget, 2009 This collection provides authoritative coverage of neurobiology of addiction models of addiction sociocultural perspectives on drug use family and community factors prevention theories and techniques professional issues the criminal justice system and substance abuse assessment and diagnosis and more
