Deadly Monopolies Harriet A. Washington, 2011-10-04 From the award winning author of Medical Apartheid an exposé of the rush to own and exploit the raw materials of life including yours Think your body is your own to control and dispose of as you wish Think again The United States Patent Office has granted at least 40 000 patents on genes controlling the most basic processes of human life and more are pending If you undergo surgery in many hospitals you must sign away ownership rights to your excised tissues even if they turn out to have medical and fiscal value Life itself is rapidly becoming a wholly owned subsidiary of the medical industrial complex Deadly Monopolies is a powerful disturbing and deeply researched

book that illuminates this life patent gold rush and its harmful and even lethal consequences for public health It examines the shaky legal ethical and social bases for Big Pharma s argument that such patents are necessary to protect their investments in new drugs and treatments arguing that they instead stifle the research competition and innovation that can drive down costs and save lives In opposing the commodification of the body Harriet Washington provides a crucial human dimension to an often all too abstract debate Like the bestseller *The Immortal Life of Henrietta Lacks* *Deadly Monopolies* reveals in shocking detail just how far the profit motive has encroached in colonizing human life and compromising medical ethics It is sure to stir debate and instigate change **Congressional Record** United States. Congress,1963 **Policy and Politics**
