Confessions of a Certified Personal Trainer

Robert Linkul MS
CSCS, 2011-06-27 Robert's commitment to the personal training business earned him the honor of serving the National Strength and Conditioning Association as their Northern California State Director 2010-2012. Robert has his master's degree in personal training, his bachelor's degree in kinesiology, is a certified strength and conditioning specialist with distinction, a certified NSCA certified personal trainer with distinction, as well as a certified USA Weightlifting Level I coach. I have grown tired of all the fads and myths of the certified personal training business and decided I would put out an email to all my clients discussing a topic like site specific reduction or crash diets. The support I received after sending out the first newsletter inspired me to keep writing. My goal is to change the way people think of fitness. I call it the fitness revolution. This book is a combination of education, experience and research all put together and thrown down on paper. These are my confessions as a certified personal trainer. Many trainers will not tell you information like you will read in this book. That is why I call it a revolution. We are breaking away from the norm and developing something new. With science and research as my guide, I will educate you on a new way to train the right way to training.
