Shoveling Shit Clearing The Mind Field:

Living Among South Carolina Outlaws Carl L. Poston Jr.,2013-01-16 The interior of South Carolina was a Lawless place In fact Northern Georgia to western Pennsylvania has always been lacking in law and order but in South Carolina after the Cherokee Indian War in 1761 what little law had existed deteriorated to almost none Indians were no longer a threat but bold outlaw gangs roamed and ravaged the country robbing killing and kidnapping ever bold enough to challenge the few Militia Here there was no law therefore no court or jail for any legal transaction a weeklong trip had to be made to Charlestown Seeing no help coming from the government in Charlestown citizens of the back country began organizing into vigilante groups called Regulators In 1766 John Poston II migrated from Pennsylvania with his two sons John III and Anthony to settle by Lynches Creek in Queensboro Township Here in the lawless frontier they struggled to make a home among the outlaws and Regulators

Jumping off the Devil'S Shovel Renate v.K. Ruzich,2016-08-18 In early January of 1945 the horror of the Eastern Front inched ever closer to the estate of Stollen East Prussia The regional governor refused to allow soldiers and civilians to evacuate as the Soviet Army approached and orders were given to shoot on sight those found fleeing the approaching terror It was not until January 22 that evacuation was allowed Renate von Kuenheim and her brother Gert held hands as they stood in the barns of their ancestral home in Stollen The thunder of artillery shells echoed in the distance and fear gave way to resignation Calmly they discussed the best ways to die a common topic among those who had heard the horror stories of the refugees from the east Their father had been drafted into the army in 1944 and was out there to the east somewhere alive or dead they did not know Their fate was now in the hands of a stepmother who despised them As head of the estate she was tasked with making decisions for their family and the twenty three families serving the estate Their stepmother resolutely refused to leave until on January 23 nobody was there to take her call at the local Nazi headquarters Renate von Kuenheim s terrifying flight westward began the next day Separated from her family and their villagers by the scheming of her stepmother the beautiful seventeen year old Renate was left alone with only her horse Tasha the clothes on her back a knife and the pistol her father had taught her to shoot with Her remarkable flight toward freedom lays before the reader tales of the horrors of war the strength of the human spirit and the love that can grow between a horse and master It is a true story many readers may find unbelievable

and Experiences of a Horse, Cattle, and Farm Machinery Dealer, Auctioneer, Car Salesman and Farmer W.A.

IRWIN,2015-06-18 In this book I m writing about memories and experiences in my life from back in the 40 s to present day It has been a great time to be alive and we had great places to live We farmed and ran our auction business in Bruce County Ontario for a few years after college but the lure of lower priced land enticed us to move to Prince Edward Island where we lived for 25 years In later years we found that the markets for livestock seemed to be drying up on the Island as the potato industry grew We decided to move back to Bruce County so it was coming home for us We bought a farm between Port Elgin and Southampton and have been here 18 years now This book is a collection of short stories to do with our lives in these areas as well as our travels in the United States Like it mentions on the cover these stories have to do with my experiences as a horse cattle and farm machinery dealer as an auctioneer car salesman farmer as well as quite a few other random stories

The Self Illusion Bruce Hood,2012-05-23 Most of us believe that we are unique and coherent individuals but are we The idea of a self has existed ever since humans began to live in groups and become sociable Those who embrace the self as an individual in the West or a member of the group in the East feel fulfilled and purposeful This experience seems incredibly real but a wealth of recent scientific evidence reveals that this notion of the independent coherent self is an illusion it is not what it seems Reality as we perceive it is not something that objectively exists but something that our brains construct from moment to moment interpreting summarizing and substituting information along the way Like a science fiction movie we are living in a matrix that is our mind In The Self Illusion Dr Bruce Hood reveals how the self emerges during childhood and how the architecture of the developing brain enables us to become social animals dependent on each other He explains that self is the product of our relationships and interactions with others and it exists only in our brains The author argues however that though the self is an illusion it is one that humans cannot live without But things are changing as our technology develops and shapes society The social bonds and relationships that used to take time and effort to form are now undergoing a revolution as we start to put our self online Social networking activities such as blogging Facebook Linkedin and Twitter threaten to change the way we behave Social networking is fast becoming socialization on steroids The speed and ease at which we can form alliances and relationships is outstripping the same selection processes that shaped our
