Si Nous Voulions:

The French Language in the Seventeenth Century Peter Rickard, 1992 The sixty French texts edited here are all direct commentaries by contemporary authors on the French language in the 17th century By this time French had begun to assert its independence in its written and printed form it was being used for a wide variety of literary technical and administrative purposes Its practitioners not only successfully challenged the hitherto dominant position of Latin but also began for the first time to discuss and analyse for its own sake the language which was now their preferred medium for expression hence in the first half of the seventeenth century a growing number of publications on the nature and characteristics of French The texts demonstrate the sustained critical preoccupation with the welfare of the French language in the 17th century and illustrate the various ways in which the writers of the age contributed to its development as an instrument of literary expression and social intercourse , French Supplementary Exercises for Basic Course, Units 1-[24]: Units 16-24 Foreign Service Institute (U.S.), Robert J.
