

***To Kill a Mockingbird* Activity Packet**

Overview:

As we read *To Kill a Mockingbird*, you will be expected to complete all of the critical thinking, analysis, and synthesis activities in this packet. In addition to receiving classwork grades for your work on the six chapters in the novel, your completed assignments will be submitted on the day of the unit exam; collectively, they will be worth one test grade on the sixth six-weeks.

Additionally, you will be responsible for learning all of the words in the vocabulary section of this packet. You will be assessed over these words with objective questions on the chapter quizzes and the unit test that you will take over the next few weeks.

As the activities in this packet will comprise a significant portion of your grade during the sixth six-weeks, it is fully expected that you adhere to all of the following guidelines:

- **Do not lose this packet.** Students who lose this packet will be expected to print a new one of the teacher's website on their own time and with their own printer before or after class.
- **Unless otherwise specifically directed, respond to all of the questions, prompts, etc. in this packet in complete sentences.** Students will not receive credit for responses written in incomplete sentence.
- **Complete the chapter assignments in a timely manner.** While we will answer many of the questions in this packet as a class, you will be expected to complete some of the activities independently. Do not wait until the last minute to do so or you will not get credit for the individual classwork grades when chapter assignments are checked during class.
- **Bring this packet to class with you every day.** We will be working on these assignments on a daily basis throughout the unit.
- **Write neatly and be professional.** You will lose points on the individual assignments and the collective test grade if your packet is crumpled or torn, if you have drawn all over it, or if your handwriting is illegible.

Students who follow all of the directions above have a wonderful opportunity to earn a very high grade on an assignment which will count as a test. My expectation is that all of my students take full advantage of this opportunity to improve their average for the second semester of English II.

Resources in education,1983-06 The Education of a Teacher Susan Van Kirk,2010-08-30 In 1968 at age twenty one I was sure I had all the answers I needed to know about teaching five classes a day in a real high school. I had no idea how naive I was. Every teacher's career is a journey of discovery that begins with rookie insecurities and moves toward self confidence and understanding. When Susan Van Kirk drove into Little Monmouth, Illinois in 1968 straight out of college with her teaching degree in hand, she thought she was ready to teach English and speech to high school students. She didn't realize that for the rest of her career she would both teach and be taught by a town, a school, and the students who entered her life. A veteran of thirty-four years in public high school teaching, Van Kirk will take you on a passionate and unforgettable journey through one teaching life. Meet her students and experience the events that molded a rookie teacher into a veteran. This montage of stories covers the years 1968 to 2008; they describe her early fears about classroom discipline, plots to overthrow the rookie, handing drug overdoses, the devastating first student death, and a challenge to a major Kurt Vonnegut book in her classroom. Telling Tales Out of School Dale Davis,2008-02 Finding himself unemployed, Cyrus Henshaw does something he swore he would never do: he applies for and receives a teaching position. He is gradually honed into a teaching machine under the tough tutelage of a domineering principal, an eclectic group of faculty misfits, and a horde of unconcerned students. *Telling Tales Out of School* is a must have for anyone that has ever taught or thought of teaching. Not only will Dale Davis wit
