Constructing the Literary Self Patsy J. Daniels,2014-06-02 In the twentieth century as previously excluded groups including ethnic minorities women the disabled and the differently gendered gained a voice in society group identity also changed and new definitions became necessary Whether through their group affiliations or in spite of these affiliations many individuals sought a new definition of themselves As can be expected much literature explores these changes and depicts the quest for new definitions and the search for individuality in the light of new definitions Construction or definition of the self was once available only to the elite and the freedom of some to define their identity was sacrificed so that others could make their own self definitions this practice can be found throughout much of history This volume is about that kind of oppression and various strategies of escaping from oppression as depicted in serious literature Its thirteen essays all by recognized scholars are divided into five categories Race Gender and the Self Assimilation and the Self Black Males and the Self Female Sexuality and the Self and The Family and the Self **Caring Hearts and Critical Minds** Steven Wolk,2023-10-10 Imagine

In the Best Interest of Students Kelly Gallagher, 2015 What is in the best interest of our students Is it teaching to the newest standards movement like the Common Core Teaching that prepares students to take a test Or is it something more meaningful and authentic In his new book *In the Best Interest of Students* Kelly Gallagher notes that there are real strengths in the Common Core standards and there are significant weaknesses as well He takes the long view reminding us that standards come and go but what remains constant is the need to stay true to what we know works in the teaching of reading writing speaking and listening Instead of blindly adhering to the latest standards movement Kelly advocates Dialing up the amount of reading and writing students are doing Balancing rigorous high quality literature and non fiction with high interest student selected titles Giving students much more choice when it comes to reading and writing activities Encouraging readers to deepen their comprehension by moving beyond the four corners of the text Using modeling to enrich students writing skills in the prewriting drafting and revision stages Helping young writers to achieve more authenticity through the blending of genres Resisting the de emphasis of narrative and imaginative reading and writing Providing students with more opportunities to sharpen their listening and speaking skills Planning lessons that move beyond Common Core expectations In this provocative and insightful new book Kelly surveys the teaching landscape since the publication of his highly regarded book *Readicide* and finds that although some progress has been made more needs to be

done Amid the frenzy of trying to teach to a new set of standards Kelly Gallagher is a strong voice of reason reminding us that instruction should be anchored around one guiding question What is in the best interest of our students
