

GLINDA
Meanwhile, Boq and Nessarose were -

AN OZIAN
(interrupting)
Wait, how were you even there?

GLINDA
I wasn't. But don't you want to
hear about - ?

ANOTHER OZIAN
No-one gives a shit about Boq.

GLINDA
You don't want to hear where the
Tin Man came from?

OZIAN
No. His story doesn't go anywhere.

ANOTHER OZIAN
Zero effect on the plot.

GLINDA
Wait 'til you hear my Cowardly Lion
storyline. Boq will seem like Jean
Valjeanikin.

AN OZIAN
It does seem odd for you to include
all this secondary character stuff,
Glinda.

ANOTHER OZIAN
Yes, get to the bit where Elphaba
and Fiyero do each other on the
grass. That sounded hot.

Play as Therapy Karen Stagnitti,Rodney Cooper,2009 While paediatric healthcare professionals view play as the treatment tool of choice for children under school age the theory and practice underpinning play based therapeutic approaches often remain

less clear to individual practitioners Paediatric intervention approaches are increasingly being questioned and individual practitioners constantly asked to provide evidence based practice In response a more coherent understanding and fresh discussion on children s play and utilisation of play for therapeutic purposes is needed especially as societal expectations and lifestyles change Play as Therapy provides background theory and practical applications of original research on play assessment and interventions used in therapy The book offers a solid foundation for identifying and assessing play dysfunction understanding play in different cultural contexts and considerations when intervening with play The practical approach is underpinned by theory research and case vignettes to explain how to utilise play as therapy with challenging children

Method to Music J. Louis Cronin,2021-07-27 For years author and pastor J Louis Cronin wrestled with how worship leaders and pastors could be doing a better job at shepherding God s people when they lead music He saw a growing need to sing the word Cronin developed a method for congregations to experience a greater connection between singing and hearing the preached word As a result they would know Christ more and see that a worship service isn t just music but the result of several aspects of church life being built together In Method to Music Cronin presents his PSALMS method telling how he developed it and why it s important He gives pastors a practical tool to deepen their ministries while broadening their reach through the utilization of saints who are gifted and not merely exploiting the gifts of the saints It s a means to empower leaders to better delegate the role of shepherd to those who share the platform every Sunday morning By detailing a practical approach to worship leadership Method to Music provides unity between the word to be preached and the word to be sung It explores the potential for partnership between senior pastors and worship leaders pastors in shepherding the hearts of a congregation and equipping the saints for the work of the ministry

Rutledge, 2008-12 If you're interested in working in movies or making music and you were not privileged to be born the son or daughter of an already established named actor writer or musician that can open the door for you then this book is your guide Should you decide to take that leap from the normal to what everyone else considers the abnormal career choice the advice in this book can not only save you months and years of getting that first background artist job but can also save you hundreds and thousands of dollars that you do not need to spend in pursuit of the entertainment industry as a career Consider this book a basic training manual a no punches pulled guide to the obstacles that you are guaranteed to face while pursuing entertainment as the industry of your choice The main focus of this book is to educate those that wish to pursue show business regardless of one's area of interest within the performing arts whether one wants to be an actor or writer producer or director songwriter or recording artist They all have one ugly thing in common and that is the con artist They will promise you the world just to empty the contents of your wallet and bank account They will prey upon your dreams so that their gain is your nightmare Let this book be your shield for those that will use unscrupulous and unethical tactics against you While pursuing the entertainment industry as a career you will also be confronted with more obstacles walls and closed doors that will be just as disappointing as getting ripped off One thing you will find is that if you can't handle rejection and do not have thick skin then the entertainment industry definitely isn't for you However if you can keep getting back on that horse no matter how many times it throws you then this book will help you keep dusting yourself off and staying in the saddle Consider me as your wagon master guiding you through dangerous territory with all of its unpleasantness and uncertainties although I can't guarantee the success of your journey through show business as can no one I can at least point

you in the right direction so you won't be lured off the beaten path by the bandits that hide and wait for you. There will be those that will tell you that you will not succeed but in my opinion if your only goal is to work in movies and you only work as a movie extra then you have succeeded as success itself has many levels and one has to start somewhere. Trust me some of today's big names were also once told go home you'll never make it and now they have a net worth of over 600 000 000 00. You may never become the 600 000 000 00 man or woman but no matter follow your heart do what you love and love what you do.

Women and Music in the Age of Austen Linda Zionkowski, 2023-12-15 *Women and Music in the Age of Austen* highlights the central role women played in musical performance, composition, reception, and representation and analyzes its formative and lasting effect on Georgian culture. This interdisciplinary collection of essays from musicology, literary studies, and gender studies challenges the conventional historical categories that marginalize women's experience from Austen's time. Contesting the distinctions between professional and amateur musicians, public and domestic sites of musical production, and performers and composers of music, the contributors reveal how women's widespread involvement in the Georgian musical scene allowed for self-expression, artistic influence, and access to communities that transcended the boundaries of gender, class, and nationality. This volume's breadth of focus advances our understanding of a period that witnessed a musical flourishing much of it animated by female hands and voices. Published by Bucknell University Press. Distributed worldwide by Rutgers University Press.

Acting Liturgically Nicholas Wolterstorff, 2018-03-16 Participation in religious liturgies and rituals is a pervasive and remarkably complex form of human activity. This book opens with a discussion of the nature of liturgical activity and then explores various dimensions of such activity. Over the past fifty years there has been a remarkable surge of interest within the analytic tradition of philosophy in philosophy of religion. Most of what has been written by participants in this movement deals with one or another aspect of religious belief. Yet for most adherents of most religions participation in the liturgies and rituals of their religion is at least as important as what they believe. One of the aims of this book is to call the attention of philosophers of religion to the importance of religious practice and to demonstrate how rich a topic this is for philosophical reflection. Another aim is to show liturgical scholars who are not philosophers that a philosophical approach to liturgy casts an illuminating light on the topic that supplements their own approach. Insofar as philosophers have written about liturgy they have focused most of their attention on its formative and expressive functions. This book focuses instead on understanding what liturgical agents actually do. It is what they do that functions formatively or expressively. What they do is basic.

Polycultural Synthesis in the Music of Chou Wen-chung Mary I. Arlin, Mark A. Radice, 2018-04-17 The displacement of Chou Wen-chung from his native China in 1948 forced him into Western European culture. Ultimately finding his vocation as a composer, he familiarized himself with classical and contemporary techniques but interpreted these through his traditionally oriented Chinese cultural perspective. The result has been the composition of a unique body of repertoire that synthesizes the most progressive Western compositional idioms with an astonishingly

traditional heritage of Asian approaches not only from music but also from calligraphy landscape painting poetry and more Chou's importance rests not only in his compositions but also in his widespread influence through his extensive teaching career at Columbia University where his many students included Bright Sheng Zhou Long Tan Dun Chen Yi Joan Tower and many more During his tenure at Columbia he also founded the U S China Arts Exchange which continues to this day to be a vital stimulus for multicultural interaction The volume will include an inventory of the Chou collection in the Paul Sacher Stiftung in Basel Switzerland

Young Children's Dyadic Pretend Play Ursula V. Schwartz, 1991-05-08 Pretend play in early childhood arises in the context of social interaction and as such constitutes a form of discourse indigenous to the child's world The present study is a first detailed investigation of thematic ideational structure in young children's dyadic pretend play with special emphasis on major generative strategies involved in the realization of coherent play action sequences Play was conceptualized as a story in a dramatic mode where two actors jointly generate or attempt to generate ideationally coherent action sequences or play plots resulting in a complex ever evolving thematic structure at a number of levels of analysis Methodological problems of analysis resulted in the creation of an analytic procedure Master Text that simultaneously

addresses structural and processual features of play and is able to deal with lengthy play segments The results characterize playing as a form of discourse which proceeds according to patterned regularities at the level of Thematic Core Structures and associated schemata which underly the plot surface The realization of such structurizations comes about during the play process in a complex interplay with features of the setting and requires establishing and modifying a shared knowledge base These findings are discussed in light of their significance for childhood socialization
