Tolstoy On Screen:

Tolstoy on Screen Lorna Fitzsimmons, Michael A. Denner, 2015 Scholarship on screen adaptation has proliferated in recent years but it has remained largely focused on English and Romance language authors Tolstoy on Screen aims to correct this imbalance with a comprehensive examination of film and television adaptations of Tolstoy's fiction Spanning the silent era to the present day these essays consider well known as well as neglected works in light of contemporary adaptation and media theory The book is organized to facilitate a comparative cross cultural understanding of the various practices employed in different eras and different countries to bring Tolstoy's writing to the screen International in scope and rigorous in analysis the essays cast new light on Tolstoy's work and media studies alike *Screening Woolf* Earl G. Ingersoll, 2016-12-06 As the subtitle indicates this book has three major concerns The first and most important concern is an examination of the film adaptations of Woolf's novels *To the Lighthouse* *Orlando* and *Mrs Dalloway* in the order the films were released This is the heart of the matter a fairly conventional effort to acknowledge film reviews as well as the criticism of academicians in film or literature as a starting point for a fresh view of these three film adaptations Since many film specialists prefer that no film ever be adapted from literary fiction and many literature specialists have similarly wished that their favorite novels had never been filmed the effort to mediate the two sides can be challenging Of the three films *To the Lighthouse* is the least successful tending toward the old Masterpiece Theater mode of attempting to be faithful to the source text to use the term of the film theorist Robert Stam but missing the essence of the novel Director Sally Potter's *Orlando* is cinematically the most venturesome and attractive although some Woolf readers condemn Potter's erasure of Woolf's intent to celebrate her affair with Vita Sackville West whose son Nigel Nicolson called Woolf's *Orlando* the longest and most charming love letter in literature *Mrs Dalloway* tends toward the Merchant Ivory style of treating literary masterworks indeed the film credits include a debt of gratitude to the producer-director partnership and is generally carried by the star power of Vanessa Redgrave although it is difficult to imagine her having a crush on another young woman even at eighteen The book's second concern is Woolf's interest in what she would call the cinema As a member of Bloomsbury she saw and participated in the discussion of the cinema especially avant garde films which she considered to be more the future of cinema than film adaptations upon which she heaped great scorn for their ravenous if not rapacious consumption of vulnerable literary fiction such as Leo Tolstoy's *Anna Karenina* Woolf specialists such as Leslie Hankins proclaim her one of the earliest and most significant British film theorists for the brilliant essay *The Cinema* 1925 as film was just beginning to establish itself as art and not merely popular entertainment The third concern is a complex effort to explore the David Hare Stephen Daldry film adaptation of Michael Cunningham's Pulitzer Prize winning novel *The Hours* an homage to *Mrs Dalloway* in which Virginia Woolf has a starring role as portrayed by Oscar winner Nicole Kidman The film and Kidman's prosthetic nose produced a violent division among the Woolfians who either commended its bringing legions of new readers to Mrs

Dalloway and potentially to Woolf Mrs Dalloway becoming the best seller it could not have been in her lifetime or were outraged by the film's diminishment of probably the most important female British novelist of the 20th century Even Nobel Laureate Doris Lessing spoke out against the travesty of a novelist she considered a foremother of later 20th century writers

Memory and Securitization in Contemporary Europe Vlad Strukov, Victor Apryshchenko, 2018-01-24 The volume is the first study to explore the intersection of memory and securitisation in the European context By analysing a variety of practices ranging from film to art and new media the book expands the existing theoretical framework of securitisation The authors consider memory as a precondition for contemporary integration projects such as the European Union and also showcase how memory is used to stage international conflicts Following this memory securitisation nexus the European Union and Europe more generally emerges as an on going cultural political and social project The book also examines developments outside the EU such as the conflict in Ukraine and the creation of the Eurasian Economic Union which the authors argues have a profound impact on Europe From a consideration of historical contexts such as national referenda the discussion proceeds to media and film analysis artistic practice and more transient phenomena such as climate change

before the Revolution In Russia at Play Louise McReynolds recreates a vibrant rapidly changing culture in rich detail Her account encompasses the legitimate stage vaudeville nightclubs restaurants sports tourism and the silent movie industry McReynolds reveals a pluralist and dynamic society and shows how the new icons of mass culture affected the subsequent gendering of identities The rapid industrialization and urbanization of the late tsarist period spawned dramatic social changes an urban middle class and a voracious consumer culture demanded new forms of entertainment The result was the rapid incursion of commercial values into the arts and the athletic field and unprecedented degrees of social interaction in the new nightclubs vaudeville houses and cheap movie houses Traditional rules of social conduct shifted to greater self fulfillment and self expression values associated with the individualism and consumerism of liberal capitalism Leisure time activities McReynolds finds allowed Russians who partook of them to recreate themselves to develop a modern identity that allowed for different senses of the self depending on the circumstances The society that spawned these impulses would disappear in Russia for decades under the combined blows of revolution civil war and collectivization but questions of personal identity are again high on the agenda as Russia makes the transition from a collectivist society to one in which the dominant ethos remains undefined *Nineteenth Century Russian Literature* John Lister Illingworth Fennell,1976-01-01

The Poetics of the Avant-garde in Literature, Arts, and Philosophy Slav N. Gratchev,2020-10-05 The Poetics of the Avant garde in Literature Arts and Philosophy presents a range of chapters written by a highly international group of scholars from disciplines such as literary studies arts theatre and philosophy to analyze the ambitions of avant garde artists Together these essays highlight the interdisciplinary scope of the historic avant garde and the interconnectedness of its artists Contributors analyze topics such as abstraction and estrangement across the arts the imaginary dialogue between Lev Yakubinsky and Mikhail Bakhtin the problem of the masculine ethos in the Russian avant garde the transformation of barefoot dancing Kazimir Malevich s avant garde poetic experimentations the ecological imagination of the Polish avant garde science fiction in the Russian avant garde cinema and the almost forgotten history of the avant garde children s literature in Germany The chapters in this collection open a new critical discourse about the avant garde movement in Europe and reshape contemporary understandings of it *Bondarchuk's War and Peace* Denise J. Youngblood,2014-11-07 Sergei Bondarchuk s War and Peace one of the world s greatest film epics originated as a consequence of the Cold War Conceived as a response to King Vidor s War and Peace Bondarchuk s surpassed that film in every way giving the USSR one small victory in the cultural Cold War for hearts and minds This book taking up Bondarchuk s masterpiece as a Cold War film an epic a literary adaptation a historical drama and a rival to Vidor s Hollywood version recovers and expands a lost chapter in the cultural and political history of the twentieth century Like many great works of literature Tolstoy s epic tale proved a major challenge to filmmakers After several early efforts to capture the story s grandeur it was not until 1956 that King Vidor dared to bring War and Peace to the big screen American critics were lukewarm about the film but it was shown in the Soviet Union to

popular acclaim This book tells the story of how the Soviet government military and culture ministry all eager to reclaim this Russian masterpiece from their Cold War enemies pulled together to make Bondarchuk's War and Peace possible Bondarchuk an actor who had directed only one film was an unlikely choice for director and yet he produced one of the great works of Soviet cinema a worthy homage to Tolstoy's masterpiece an achievement only sweetened when Russia's Cold War adversary recognized it with the Academy Award's Oscar for Best Foreign Language Film of 1968 Denise Youngblood examines the film as an epic and at seven hours long released in four parts at a cost of nearly 700 000 000 in today's dollars it was certainly that a literary adaptation a complex reflection on history and a significant artifact of the cultural Cold War between the US and the USSR From its various angles the book shows us Bondarchuk's extraordinary film in its many dimensions aesthetic political and historical even as it reveals what the film tells us about how Soviet patriotism and historical memory were constructed during the Cold War *Press Department Releases Soviet Union.
