An Introduction to Theater Strategy and Regional Security Clarence J. Bouchat,2007 Theater strategy and theater security cooperation are two of the most important tools available in attaining national security They offer an effective means for geographic Combatant Commanders to engage other countries deter aggression or resolve crises However there is little current concise and comprehensive guidance on how they are planned and implemented This paper explains what theater strategy is its basis how it is formulated and how it is executed with emphasis on theater security cooperation The author illustrates the role in national affairs of theater strategy and security cooperation through examples from a case study leading up to and during Operation Enduring Freedom in Afghanistan

The Bowker Annual Dave Bogart,1997

Music, Technology, and Education Andrew King,Evangelos Himonides,2016-06-10 The use of technology in music and education can no longer be described as a recent development Music learners actively engage with technology in their music making regardless of the opportunities afforded to them in formal settings This volume draws together critical perspectives in three overarching areas in which technology is used to support music education music production game technology musical creation experience and understanding The fourteen chapters reflect the emerging field of the study of technology in music from a pedagogical perspective Contributions come not only from music pedagogues but also from musicologists composers and performers working at the forefront of the domain The authors examine pedagogical practice in the recording studio how game technology relates to musical creation and expression the use of technology to create and assess musical compositions

and how technology can foster learning within the field of Special Educational Needs SEN In addition the use of technology in musical performance is examined with a particular focus on the current trends and the ways it might be reshaped for use within performance practice This book will be of value to educators practitioners musicologists composers and performers as well as to scholars with an interest in the critical study of how technology is used effectively in music and music education
