A Historical and Theological Look at the Doctrine of Christian

Baptism Randolph A. Miller,2002-03 This historical approach will help us work through the contradictory and diverse testimony of the Protestant church in regard to baptism Why this can't be done without appeals to history is that all positions like all of the multiple Protestant denominations claim to be derived purely from the Bible and thoroughly apostolic That equally brilliant scholars can disagree so extremely on such a thoroughly articulated and prominent doctrine leaves nowhere else to turn for the critically minded person Excerpt from *A Historical and Theological Look at the Doctrine of Christian Baptism*
