Hayward,2011-05-25 God is the same yesterday today and forever So why does it seem so hard to see God at work within his body and its members Did God really stop doing great things or is that just what we say to justify our lack of faith and action All of us have a natural longing for more We want more for our lives our kids our ministry and in our Christian walk but we do not know what is holding us back An economy is an exchange system of give and take Our problem is that we cling to the worlds economy which focuses on self and is driven by a currency of fear We are afraid of failure success and its cost insignificance rejection and exposure We bring these self centered fears into the church and fail to trust God and therefore fail to experience the power and presence of God that we and the world desperately need and long for What if you could make an economic shift where the focus was not self but something greater where the currency that drives it is not fear but faith in the person and promises of God The goal of the Gospel is not mere church attendance nor is your salvation simply for your sake Jesus Christ has redeemed you and put his light in you for a reason What kind of difference would it make in your life your family your ministry your church or your world if you could overcome your fear take God at his word and live like you believe it Customer-Oriented Quality Management in the Automotive Industry Marit Breitsfeld,2005-02-28

Inhaltsangabe Abstract In times of severe competition it is of crucial importance to create a competitive advantage to differentiate from the competitors and to sustain the business of the company This thesis intends to show that a customer focused quality management is one way to create a sustainable competitive advantage Quality controls along the whole value chain before during and after production leads to failure free products which save costs on the one hand and have thus a positive influence on the company s revenue On the other hand failure free products that meet the customers expectations lead to satisfied customers who build up a brand loyalty and conduct retention sales which have a positive influence on the company s sales market share as well as the overall image Furthermore this thesis points out that it is important to listen to the voice of the customers and get an insight in the customer s needs and wants To fulfil or even exceed their expectations leads to customer satisfaction which is a key to success in today s business world In addition the customer demands in regard of quality are growing continuously and new technologies are appearing on the markets on a regular basis Therefore the producers are forced to keep to the latest technology developments and to get hold on the changing customer needs But even without this external pressure quality improvement is justified from a cost point of view The applicability of a customer oriented quality management is shown in the practical part of this thesis when the quality of the Saab models is analyzed from the customer s perspective Due to the arguments outlined in this thesis it can be summarized that a quality management with a focus on the needs of the customers in should become a core strategy of any company producing and selling products in order to create customer satisfaction and sustain the business This thesis deals with the field of quality

management in the context of customer satisfaction To show the practical applicability of quality management this thesis is looking at how quality management is conducted in the automotive industry as we compare the Initial Quality Study IQS from the market research institute J D Power with a survey that was internally conducted at the Saab Automobile AB Today s business environment creates a growing need for quality management Tougher competition leads to the demand for cost savings and higher
