Finding God in All the Black Places Beretta E. Smith-Shomade, 2024-10-11 This book is also freely available online as an open access digital edition <https://manifold.emory.edu/projects/finding-god-in-all-the-black-places> https://dhjhxawhe8q4.cloudfront.net/rup/wp/v2/wp-content/uploads/2025/01/28132142_9781978839809.pdf In *Finding God in All the Black Places* Beretta E. Smith-Shomade contends that Black spirituality and Black church religiosity are the critical crux of Black popular culture. She argues that cultural community and social support live within the Black church and that spirit, art, and progress are deeply entwined and seal this connection. Including the work of artists such as Mary J. Blige, D'Angelo, Erykah Badu, Prince, Spike Lee, and Oprah Winfrey, the book examines contemporary Black television, film, music, and digital culture to demonstrate the role, impact, and dominance of spirituality and religion in Black popular culture. Smith-Shomade believes that acknowledging and comprehending the foundations of Black spirituality and Black church religiosity within Black popular culture provide a way for viewers, listeners, and users not only to endure but also to revitalize. *Church and Worship Music in the United States* James Michael Floyd, Avery Sharp, 2016-08-12 This fully updated second edition is a selective annotated bibliography of all relevant published resources relating to church and worship music in the United States. Over the past decade, there has been a growth of literature covering everything from traditional subject matter such as the organ works of J.S. Bach to newer areas of inquiry including folk hymnology, women, and African American composers' music as a spiritual healer, to the music of Mormon, Shaker, Moravian, and other smaller sects. With multiple indices, this book will serve as an excellent tool for librarians, researchers, and scholars sorting through the massive amount of material in the field.

Christian Congregational Music Monique Ingalls, Carolyn Landau, Tom Wagner, 2016-05-23 *Christian Congregational Music* explores the role of congregational music in Christian religious experience, examining how musicians and worshippers perform, identify with, and experience belief through musical praxis. Contributors from a broad range of fields, including music studies, theology, literature, and cultural anthropology, present interdisciplinary perspectives on a variety of congregational musical styles, from African American gospel music to evangelical praise and worship music to Mennonite hymnody within contemporary Europe and North America. In addressing the themes of performance, identity, and experience, the volume explores several topics of interest to a broader humanities and social sciences readership, including the influence of globalization and mass mediation on congregational music style and performance; the use of congregational music to shape multifaceted identities; the role of mass-mediated congregational music in shaping transnational communities; and the function of music in embodying and imparting religious belief and knowledge. In demonstrating the complex relationship between traditional and contemporary sounds and local and global identifications within the practice of congregational music, the plurality of approaches represented in this book, as well as the range of musical repertoires explored, aims to serve as a model for future congregational music scholarship. **Black British Gospel Music** Dulcie A. Dixon McKenzie, Pauline E.

Muir, Monique M. Ingalls, 2024-06-04 Black British Gospel Music is a dynamic and multifaceted musical practice a diasporic river rooted in the experiences of Black British Christian communities This book examines gospel music in Britain in both historical and contemporary perspectives demonstrating the importance of this this vital genre to scholars across disciplines Drawing on a plurality of voices the book examines the diverse streams that contribute to and flow out of this significant genre Gospel can be heard resonating within a diverse array of Christian worship spaces as a form of community music making in school halls and as a foundation for secular British popular music including R B hip hop and grime *The Spirit of Praise* Monique M. Ingalls, Amos Yong, 2015-06-18 In *The Spirit of Praise* Monique Ingalls and Amos Yong bring together a multidisciplinary scholarly exploration of music and worship in global pentecostal charismatic Christianity at the beginning of the twenty first century *The Spirit of Praise* contends that gaining a full understanding of this influential religious movement requires close listening to its songs and careful attention to its patterns of worship The essays in this volume place ethnomusicological theological historical and sociological perspectives into dialogue By engaging with these disciplines and exploring themes of interconnection interface and identity within musical and ritual practices the essays illuminate larger social processes such as globalization sacralization and secularization as well as the role of religion in social and cultural change Aside from the editors the contributors are Peter Althouse Will Boone Mark Evans Ryan R Gladwin Birgitta J Johnson Jean Ngoya Kidula Miranda Klaver Andrew Mall Kimberly Jenkins Marshall Andrew M McCoy Martijn Oosterbaan Dave Perkins Wen Reagan Tanya Riches Michael Webb and Michael Wilkinson *Last Call for the African-American Church* Chester Williams, 2014-12-24 *Last Call for the African American Church* revisits the commandment Jesus left his followers to proclaim the gospel worldwide until his return one that by all accounts is no longer a priority in the contemporary African American church Despite the presence of euphoric praise and worship celebrations and the proliferation of diverse ministries it advertises as cutting edge the implosion of missions has occurred in this church s pulpits and pews Selected biblical foundations of missions are provided for those new to the parlance and for others needing a refresher course Along with conventional missions distinctions Chester Williams logs some concepts in the glossary he himself has constructed for readers and for collegial review They include the feminization of missions rummage sale missions missions without Jesus and window dressing missions For the most part these concepts represent a radical departure from apostolic missions and are viewed as biblical tinkering and convoluted most importantly as obstructions to the Great Commission world harvesting

dramas of their communities even when the ministers are the main or sole actors This point is illustrated by examples ranging from American television masses to the Zairean three hour services in the Congo Of greatest interest to readers might be the Sunday services at ordinary parishes which also range from friendly but uninspiring to innovative and inviting There are also two exceptionally vital churches analyzed here an evangelical church in the Pentecostal tradition and a social justice parish in the tradition of Martin Luther King Jr Today one can hardly buy an item in a store or on the Internet without being asked for an evaluation yet church services are seldom evaluated There can be no improvement without evaluation This book proposes a method of evaluation in eight steps that must be rigorously scientific and at the same time offer a vision for spiritual growth The prophet Elijah found God in earthquakes and fire but most people find mystery through art music rhythm chanting expressive readings evocative rituals and enlightened homilies Today people expect mystagogy rather than routine performances Mystagogy can be learned and improved through evaluation to which this book desires to make a major contribution

Worship Across the Racial Divide Gerardo Marti,2017-12-15 Many scholars and church leaders believe that music and worship style are essential in stimulating diversity in congregations Gerardo Marti draws on interviews with more than 170 congregational leaders and parishioners as well as his experiences participating in worship services in a wide variety of Protestant multiracial Southern Californian churches to present this insightful study of the role of music in creating congregational diversity Worship across the Racial Divide offers a surprising conclusion that there is no single style of worship or music that determines the likelihood of achieving a multiracial church Far more important are the complex of practices of the worshipping community in the production and absorption of music Multiracial churches successfully diversify by stimulating unobtrusive means of interracial and interethnic relations in fact preparation for music apart from worship gatherings proves to be just as important as its performance during services Marti shows that aside from and even in spite of the varying beliefs of attendees and church leaders diversity happens because music and worship create practical spaces where cross racial bonds are formed This groundbreaking book sheds light on how race affects worship in multiracial churches It will allow a new understanding of the dynamics of such churches and provide crucial aid to church leaders for avoiding the pitfalls that inadvertently widen the racial divide

Servanthood of Song Stanley R. McDaniel, 2024-05-23 *Servanthood of Song* is a history of American church music from the colonial era to the present Its focus is on the institutional and societal pressures that have shaped church song and have led us directly to where we are today The gulf which separates advocates of traditional and contemporary worship Black and White Protestant and Catholic is not new History repeatedly shows us that ministry to be effective must meet the needs of the entire worshiping community not just one segment age group or class *Servanthood of Song* provides a historical context for trends in contemporary worship in the United States and suggests that the current polemical divisions between advocates of contemporary and traditional classically oriented church music are both unnecessary and counterproductive It also draws from history to show that to be the powerful component of worship it can be music whatever the genre must be viewed as a ministry with training appropriate to that *Servanthood of Song* provides a critical resource for anyone considering a career in either musical or pastoral ministries in the American church as well as all who care passionately about vital and authentic worship for the church of today

[In Search of Wisdom](#) Prof. Anne E. Streaty Wimberly, Evelyn L. Parker, 2011-07-01 edited by Anne E Streaty Wimberly A guide for pastors church leaders and all who help African Americans in their search for a meaningful Christian lifestyle Forming Christians leading fallen and flawed human beings into the path of discipleship to a crucified and risen Lord is one of the central if not the central tasks of all

Christian churches It is a difficult enough task anywhere but for African Americans beset by racial conflict personal crises generational separation and other concerns it is especially so African American churches must work particularly hard to counter the messages their members receive from the dominant and often unfriendly culture This book employs the biblical text and African tradition to draw on the idea of the search for wisdom as a potent way to help African Americans in their pursuit of genuine Christian discipleship Wisdom in African American tradition is not simply knowledge rather it is those insights attitudes beliefs behaviors and practices that create and sustain a life of hope and that produce an inherent sense of the worth of one's self If their members are to engage in the search for wisdom African American churches must build an intentional ministry of faith formation Wisdom can be gained the authors argue when African Americans listen to the black oral tradition with its proverbial sayings revered Bible stories songs and narratives from the lives of exemplary individuals The book offers several similar avenues for the search for wisdom including helpful models of black males mentoring younger black males as a remedy to the destructive effects that contemporary culture has on this segment of the African American community
