Uris Leon Exodus:

Exodus Leon Uris, 1983-10-01 Passionate summary of the inhuman treatment of the Jewish people in Europe of the exodus in the nineteenth and twentieth centuries to Palestine and of the triumphant founding of the new Israel The New York Times Exodus is an international publishing phenomenon the towering novel of the twentieth century s most dramatic geopolitical event Leon Uris magnificently portrays the birth of a new nation in the midst of enemies the beginning of an earthshaking struggle for power Here is the tale that swept the world with its fury the story of an American nurse an Israeli freedom fighter caught up in a glorious heartbreaking triumphant era Here is Exodus one of the great bestselling novels of all time **Exodus** Leon Uris, 2016 *Our Exodus* M M Silver, 2010-08-18 Examines the phenomenon of Exodus and its influence on post World War II understandings of Israel s beginnings Despite the dramatic circumstances of its founding Israel did not inspire sustained impassioned public discussion among Jews and non Jews in the United States until Leon Uris s popular novel Exodus was released in 1958 Uris s novel popularized the complicated story of Israel s founding and in the process boosted the morale of post Holocaust Jewry and disseminated in popular culture positive images of Jewish heroism Our Exodus Leon Uris and the Americanization of Israel s Founding Story examines the phenomenon of Exodus and its largely unrecognized influence on post World War II understandings of Israel s beginnings in America and around the world Author M M Silver s extensive archival research helps clarify the relevance of Uris s own biography in the creation of Exodus He situates the novel s enormous popularity in the context of postwar America and particularly Jewish American culture of the 1950s and early 1960s In telling the story of the making of and the response to Exodus first as a book and then as a film Silver shows how the representation of historical events in Exodus reflected needs expectations and aspirations of Jewish identity and culture in the post Holocaust world He argues that while Uris s novel simplified some facts and distorted others it provided an astonishingly ample amount of information about Jewish history and popularized a persuasive and cogent though debatable Zionist interpretation of modern Jewish history Silver also argues that Exodus is at the core of an evolving argument about the essential compatibility between the Jewish state and American democracy that continues to this day Readers interested in Israel studies Jewish history and American popular culture will appreciate Silver s unique analysis
