Each activity is introduced by detailing the emerging ability and caregiver role while giving individual invitations to care for and instruct these special developmental stages. Tips are included on how to introduce toys, store materials, develop basic care routines, create activity centers, and avoid trouble spots.

Nursery Crafts Jarie Lee Waterfall, 1988-05 These exciting new ideas for teachers, instructors, and parents are designed to help young children express themselves artistically. Successfully child tested, these activities involve easy-to-duplicate patterns and crafts that enable children to learn about texture, color, gluing, cutting, and identifying objects. While putting together these projects, children enlarge their learning capacity and memory skills while experiencing a sense of personal achievement. Enable your children to construct their own mini masterpieces.
