Question 2:

With reference to the income statement, Daisy's Desks gross profit margin is 66.4% indicating that the business is fairly successful in generating with consideration of the costs involved in producing the desks. Therefore, this shows that the business is able to retain 66.4% of its sales as gross profit, which is the profit a business makes after deducting the costs associated with making and selling its products. Daisy's Desks has a net profit margin of 20.2% which suggests the business retains that amount (20.2%) of its revenue as net profit which is the businesses gross profit minus the cost of all business operations, which leads the business to having decently good expense profitability and control. If Daisy's Desks is wanting to increase their net profit, they could review to working hours of all employees to ensure that they are not getting paid overtime for hours they didn't work.

The business's net decrease in cash position by \$133,870 shows the business has spent more cash than they have received in the year ending 31 December 2023. This can be because the vehicle was purchased as a non-current asset. Due to their lack of cash, the company may
